Li Zhensheng, Red-color News Soldier Zhensheng Li, Robert Pledge, Christy Johnson, Ciara Ennis, California Museum of Photography, University of California, Riverside, 2007 [The Cruel Radiance](#) Susie Linfield, 2011-05-27 In *The Cruel Radiance* Susie Linfield challenges the idea that photographs of political violence exploit their subjects and pander to the voyeuristic tendencies of their viewers Instead she argues passionately that looking at such images and learning to see the people in them is an ethically and politically necessary act that connects us to our modern history of violence and probes the human capacity for cruelty Grappling with critics from Walter Benjamin and Bertolt Brecht to Susan Sontag and the postmoderns and analyzing photographs from such events as the Holocaust China's Cultural Revolution and recent terrorist acts Linfield explores the complex connection between photojournalism and the rise of human rights ideals In the book's concluding section she examines the indispensable work of Robert Capa James Nachtwey and Gilles Peress and asks how photography should respond to the increasingly nihilistic trajectory of modern warfare A bracing and unsettling book *The Cruel Radiance* convincingly demonstrates that if we hope to alleviate political violence we must first truly understand it and to do that we must begin to look

Curating Revolution Denise Y. Ho, 2018 Curating Revolution examines how Mao era exhibitions shaped popular understandings of and participation in the political campaigns of China's Communist revolution **Mao Cult** Daniel Leese, 2011-10-31 Although many books have explored Mao's posthumous legacy none has scrutinized the massive worship that was fostered around him during the Cultural Revolution This book is the first to do so By analyzing secret archival documents Daniel Leese traces the history of the cult within the Communist Party and at the grassroots level The party leadership's original intention was to develop a prominent brand symbol which would compete with the nationalists elevation of Chiang Kai shek However they did not anticipate that Mao would use this symbolic power to mobilize Chinese youth to rebel against party bureaucracy itself The result was anarchy and when the army was called in it relied on mandatory rituals of worship such as daily reading of the Little Red Book to restore order Such fascinating detail sheds light not only on the personality cult of Mao but also on hero worship in other traditions Out of China Robert Bickers, 2017-03-30

SHORTLISTED FOR THE 2018 WOLFSON HISTORY PRIZE The extraordinary and essential story of how China became the powerful country it is today Even at the high noon of Europe's empires China managed to be one of the handful of countries not to succumb Invaded humiliated and looted China nonetheless kept its sovereignty Robert Bickers major new book is the first to describe fully what has proved to be one of the modern era's most important stories the long often agonising process by which the Chinese had by the end of the 20th century regained control of their own country Out of China uses a brilliant array of unusual strange and vivid sources to recreate a now fantastically remote world the corrupt lurid modernity of pre War Shanghai the often tiny patches of extra territorial land controlled by European powers one of which unnoticed had mostly toppled into a river the entrepôts of Hong Kong and Macao and the myriad means through armed threats technology and legal chicanery by which China was kept subservient Today Chinese nationalism stays firmly rooted in memories of its

End of an Era Carl Minzner, 2018-02-01 China's reform era is ending Core factors that characterized it political stability ideological openness and rapid economic growth are unraveling Since the 1990s Beijing's leaders have firmly rejected any fundamental reform of their authoritarian one party political system and on the surface their efforts have been a success But as Carl Minzner shows a closer look at China's reform era reveals a different truth Over the past three decades a frozen political system has fueled both the rise of entrenched interests within the Communist Party itself and the systematic underdevelopment of institutions of governance among state and society at large Economic cleavages have widened Social unrest has worsened Ideological polarization has deepened Now to address these looming problems China's leaders are progressively cannibalizing institutional norms and practices that have formed the bedrock of the regime's stability in the reform era End of an Era explains how China arrived at this dangerous turning point and outlines the potential outcomes that could result *Memory, Subjectivity and Independent Chinese Cinema* Qi Wang, 2014-09-19

Memory Subjectivity and Independent Chinese Cinema provides a historically informed examination of independent moving image works made between 1990 and 2010 in China Showcasing an evolving personal mode of narrating memory documenting reality and inscribing subjectivity in over sixteen selected works that range from narrative film and documentary to experimental video and digital media even including a multimedia avant garde play this book presents a provocative portrait of the independent filmmakers as a peculiarly pained yet active group of historical subjects of the transitional post socialist era Through a connected investigation of cultural and cinematic concepts including historical

consciousness personal memory narrative performance subjectivity spatiality and the body Wang weaves a critical narrative of the formation of a unique post socialist cultural consciousness that enables independent cinema and media to become a highly significant and effective conduit for historical thinking in contemporary China Covering directors such as Zhang Yimou Chen Kaige Jia Zhangke Jiang Wen Lou Ye Meng Jinghui Wang Bing Wang Guangli Duan Jinchuan Cui Zi en Shi Tou and Tang Danhong this book is essential reading for all students and scholars in Chinese film **Citizen Publications in China**

Before the Internet S. Jiang, 2015-06-16 This book presents the first panoramic study of minkan citizen publications in China before the Internet This recent history of citizen publications contributes to the reclamation of a lost past of resistance It is an exercise in remembering a past that has been marginalized by official history and recovering ideas obliterated by state power **Mao's Last Revolution** Roderick MACFARQUHAR, Michael Schoenhals, 2009-06-30 The Cultural Revolution

was a watershed event in the history of the People's Republic of China the defining decade of half a century of communist rule Before 1966 China was a typical communist state with a command economy and a powerful party able to keep the population under control But during the Cultural Revolution in a move unprecedented in any communist country Mao unleashed the Red Guards against the party Tens of thousands of officials were humiliated tortured and even killed Order had to be restored by the military whose methods were often equally brutal In a masterly book Roderick MacFarquhar and Michael Schoenhals explain why Mao launched the Cultural Revolution and show his Machiavellian role in masterminding it which Chinese publications conceal In often horrifying detail they document the Hobbesian state that ensued The movement veered out of control and terror paralyzed the country Power struggles raged among Lin Biao Zhou Enlai Deng Xiaoping and Jiang Qing Mao's wife and leader of the Gang of Four while Mao often played one against the other After Mao's death in reaction to the killing and the chaos Deng Xiaoping led China into a reform era in which capitalism flourishes and the party has lost its former authority In its invaluable critical analysis of Chairman Mao and its brilliant portrait of a culture in turmoil Mao's Last Revolution offers the most authoritative and compelling account to date of this seminal event in the history of China **The Education of a Photographer** Steven Heller, Charles H. Unending Capitalism Karl Gerth, 2020-05-14 What forces shaped the twentieth century world Capitalism and communism are usually seen as engaged in a fight to the death during the Cold War With the establishment of the People's Republic of China in 1949 the Chinese Communist Party aimed to end capitalism Karl Gerth argues that despite the socialist rhetoric of class warfare and egalitarianism Communist Party policies actually developed a variety of capitalism and expanded consumerism This negated the goals of the Communist Revolution across the Mao era 1949-1976 down to the present Through topics related to state attempts to manage what people began to desire wristwatches and bicycles films and fashion leisure travel and Mao badges Gerth challenges fundamental assumptions about capitalism communism and countries conventionally labeled as socialist In so doing his provocative history of China suggests how larger forces related to the desire for mass produced consumer goods reshaped the twentieth century world and remade people's lives
