Asking and Answering Moritz Cordes, 2021-12-10 Questions are everywhere and the ubiquitous activities of asking and answering as most human activities are susceptible to failure at least from time to time This volume offers several current approaches to the systematic study of questions and the surrounding activities and works toward supporting and improving these activities The contributors formulate general problems for a formal treatment of questions investigate specific kinds of questions compare different frameworks with regard to how they regulate the activities of asking and answering of questions and situate these activities in a wider framework of cognitive epistemic discourse From the perspectives of logic linguistics epistemology and philosophy of language emerges a report on the state of the art of the theory of questions Ethics and Governance Patrick K. Kalifungwa, 2025-08-12 As the title suggests The Right and the Good is about rightness goodness and their relation to each other Ross W D 2002 Rightness is a property of acts while goodness concerns various kinds of things According to Ross there are certain features that both have in common they are real properties they are indefinable pluralistic and knowable through intuition Skelton Anthony 2012 Central to rightness are prima facie duties for example the duty to keep one's promises or to refrain from harming others Simpson David L William David Ross 2021 of special interest for understanding goodness is intrinsic value what is good in itself Ross ascribes intrinsic value to pleasure knowledge virtue and justice Skelton Anthony 2012 It is easy to confuse rightness and goodness in the case of moral goodness An act is right if it conforms to the agent's absolute duty Ross W D 2002 Doing the act for the appropriate motive is not important for rightness but it is central for moral goodness or virtue Burgh W G de 193 Ross uses these considerations to point out the flaws in other ethical theories for example in G E Moore's ideal utilitarianism or in Immanuel Kant's deontology Ross defends a realist position about morality the moral order expressed in prima facie duties is just as real as the spatial or numerical structure expressed in the axioms of geometry or arithmetic Ross W D 2002 Furthermore the terms right and good are indefinable Skelton Anthony 2012 This means that various naturalistic theories trying to define good in terms of desire or right in terms of producing the most pleasure fail *Television Finales* Douglas L. Howard, David Bianculli, 2018-11-13 Today more than ever series finales have become cultural touchstones that feed watercooler fodder and Twitter storms among a committed community of viewers While the final episodes of The Fugitive and M A S H continue to rank among the highest rated broadcasts more recent shows draw legions of binge watching fans Given the importance of finales to viewers and critics alike Howard and Bianculli along with the other contributors explore these endings and what they mean to the audience both in terms of their sense of narrative and as episodes that epitomize an entire show Bringing together a veritable who's who of television scholars journalists and media experts including Robert Thompson Martha Nochimson Gary Edgerton David Hinckley Kim Akass and Joanne Morreale the book offers commentary on some of the most compelling and often controversial final episodes in television history Each chapter is devoted to a separate finale providing readers with a

comprehensive survey of these watershed moments Gathering a unique international lineup of journalists and media scholars the book also offers readers an intriguing variety of critical voices and perspectives *FIA Foundations in Taxation - FTX FA2011 -Kit* BPP Learning Media,2011-11-24 *FIA Foundations in Taxation FTX FA2011 Kit* Rethinking Patient Safety Suzette Woodward,2017-03-27 The vast majority of healthcare is provided safely and effectively However just like any high risk industry things can and do go wrong There is a world of advice about how to keep people safe but this delivers little in terms of changed practice Written by a leading expert in the field with over two decades of experience *Rethinking Patient Safety* provides readers with a critical reflection upon what it might take to narrow the implementation gap between the evidence base about patient safety and actual practice This book provides important examples for the many professionals who work in patient safety but are struggling to narrow the gap and make a difference in their current situation It provides insights on practical actions that can be immediately implemented to improve the safety of patient care in healthcare and provides readers with a different way of thinking in terms of changing behavior and practices as well as processes and systems Suzette Woodward shares lessons from the science of implementation campaigning and social movement methods and offers the reader the story of a discovery Her team has explored an approach which could profoundly affect the safety culture in healthcare a methodology to help people talk to each other and their patients and to listen through facilitated safety conversations This is their story **Wiley CPA Exam Review 2012** O.
