PHILOSOPHY AND WORLD PROBLEMS - Volume I John McMurtry, 2011-12-11 Philosophy and World Problems theme is a component of Encyclopedia of Social Sciences and Humanities in the global Encyclopedia of Life Support Systems EOLSS which is an integrated compendium of twenty one Encyclopedias The Theme on

Philosophy and World Problems deals in three volumes and covers several topics with a myriad of issues of great relevance to our world on Philosophy and World Problems Philosophy resists conclusions because its method across disagreements like modern science to which it gives rise always leaves issues open to counter argument and furtherance of understanding This is how philosophy differs from religious sectarian and other dogmas and closed systems of thinking Yet agreement across the research contributing to this work is implicit or explicit on one meta principle whatever is incoherent with organic social and ecological life requirements through time is false and evil to the extent of its reduction and destruction of life fields and support systems These three volumes are aimed at a wide spectrum of audiences University and College Students Researchers and Educators

The Reincarnating Mind, or the Ontopoietic Outburst in Creative Virtualities Anna-Teresa Tymieniecka, 2012-12-06 Tymieniecka's phenomenology of life reverses current priorities stressing the primogenital role of aesthetic enjoyment rather than cognition as typifying the Human Condition The present collection offers clues to a crucial breakthrough in the perennial uncertainties about the powers and prerogatives of the human mind It proposes human creativity as the pivot of the mind's genesis and its endowment In the midst of the current defiance of the transcendental certainties of cognition this turn to the creative act of the human being represents a radical reversion to an approach to human powers that is predominated by the aesthetic virtualities of the Human Condition The collection lays down the foundations for a new discovery of the human mind addressing the plumbing of the functional system that originates in the creative potentiality of the Human Condition undercutting the currently prevalent empirical reductionism

The Question of Painting Jorella Andrews, 2018-11-29 Since the latter half of the 20th century committed art has been associated with conceptual critical and activist practices Painting by contrast is all too often defined as an outmoded reactionary market led venture an ineffectual medium from the perspective of social and political engagement How can paintings change the world today The question of painting in particular fuelled the investigations of a major 20th century philosopher the French phenomenologist Maurice Merleau Ponty 1907-61 Merleau Ponty was at the forefront of attempts to place philosophy on a new footing by contravening the authority of Cartesian dualism and objectivist thought an authority that continues to limit present day intellectual imaginative and ethical possibilities A central aim of *The Question of Painting* is to provide a closely focused chronological account of his unfolding project and its relationship with art clarifying how painting as a paradigmatically embodied and situated mode of investigation helped him to access the fundamentally intercorporeal basis of reality as he saw it and articulate its lived implications With an exclusive and extended conversation about the contemporary virtues of painting with New York based artist Leah Durner for whom the work of Merleau Ponty is an important source of inspiration *The Question of Painting* brings today's much debated concerns about the criticality of painting into contact with the question of painting in philosophy

Heidegger, Levinas, Derrida: The Question of Difference Lisa Foran, 2016-09-30 This book explores the relation between Heidegger Levinas and Derrida by means of a

dialogue with experts on the work of these mutually influential thinkers Each essay in this collection focuses on the relation between at least two of these three philosophers focusing on various themes such as Alterity Justice Truth and Language By contextualising these thinkers and tracing their mutually shared themes the book establishes the question of difference and its ongoing radicalization as the problem to which phenomenology must respond Heidegger s influence on Derrida and Levinas was quite substantial Derrida once claimed that his work would not have been possible without the opening of Heidegger s questions Equally as peers Derrida and Levinas commented on and critiqued each other s work By examining the differences between these thinkers on a variety of themes this book represents a philosophically enriching project and essential reading for understanding the respective projects of each of these philosophers
