Between Two Armies Victor Morris Udwin, 2023-08-21 Epic poetry depicts single combat between champions as a substitute for pitched battle By analyzing poetic representations of warfare this study reconstructs the circumstances under which the duel emerges as a mechanism for avoiding catastrophic battlefield losses Thus the duel proves to be the pivotal element in a complex system of practices and institutions that define epic culture Individual chapters focus on the dynamics of battle the protocols of dueling the roles of champion king and queen and the talesinger s function in presenting these relations to epic cultural audiences Offering new insights into the Nibelungenlied Beowulf the Iliad and Odyssey Hildebrandslied and the Bible this volume will appeal particularly to medievalists classicists historians and cultural theorists interested in epic poetry ancient warfare and Dark Age culture *Illinois Reading Council Journal* ,2015 Notes from Underground (SparkNotes Literature Guide) SparkNotes, 2014-08-12 Notes from Underground SparkNotes Literature Guide by Fyodor Dostoevsky Making the reading experience fun Created by Harvard students for students everywhere SparkNotes is a new breed of study guide smarter better faster Geared to what today s students need to know SparkNotes provides Chapter by chapter analysis Explanations of key themes motifs and symbols A review quiz and essay topics Lively and accessible these guides are perfect for late night studying and writing papers **Metaphysics** Josiah Royce, 1998-08-13 This book is an edited transcript of Josiah Royce s last year long course in metaphysics at Harvard in 1915 1916 *The Proverbs of Jesus* Alan Winton, 1990-01-01 Was Jesus a prophet of the eschatological Kingdom or a teacher of wisdom These two characterizations of Jesus appear to be incompatible and since the last century the former has dominated our understanding of the Gospels at the expense of the latter Proverbial sayings in the Synoptics have either been pressed into the service of eschatology and have thus lost their character as wisdom or have been disregarded as inauthentic representing a later stage in the tradition This book offers a critique of the method of historical reconstruction which leads to such conclusions It also suggests an approach to the rhetoric or function of proverbial sayings based on pragmatics which develops the distinction between sense and force and offers some account of the rhetorical strategies involved in the use of proverbs in speech A final chapter attempts to show how proverbial sayings might be given more significance in our understanding of Jesus message through a reconsideration of the relationship between wisdom eschatology and the Kingdom of God Illustrative Notes ,1891 *Living Contradiction* Sean Warren, 2017-08-31 Co authored by Sean Warren and Stephen Bigger Living Contradiction A Teacher s Examination of Tension and Disruption in Schools in Classrooms and in Self charts Warren s journey as an experienced and successful teacher who lost himself in his rigid commitment to upholding standards and documents his research to find a better way Values are in vogue in education they are stated in school policies across the land They are a list of what the school wants people to think about them and their educational aims that they are caring effective and ethical in rooting pedagogy and all educational processes in positive relationships between teachers and pupils

Amidst the reality of classroom life however the very best of intentions can be compromised as the insidious influences of power pressure and responsibility come to bear In this candid account presented in the form of a dual narrative Warren describes how he adopted a persona infused with control and intolerance as his authoritarian approach to suppressing conflict in the secondary school classroom became increasingly incongruent with his personal values and aspirations as an educator Then through undertaking his action research project and engaging in a process of reconceptualisation under co author Bigger s mentorship Warren began to explore how he could redefine his classroom leadership and authenticate his teaching practice without compromising standards or authority Living Contradiction investigates the efficacy of Warren s modified approach and tells the story of how he overcame the incessant demands of tension and disruption by becoming confident in uncertainty Grappling with both the philosophical and the pragmatic the authors offer two distinct perspectives in their commentary on Warren s journey supporting their interspersed critical reflections with thought provoking insights into the methodology and outcomes of Warren s research project The book is split into five parts and is punctuated throughout with expert surveying of a wide range of related research that challenges the status quo on the effectiveness of punishment and authoritarianism as approaches to behaviour management Furthermore in exploring how schooling should be as much about developing motivated citizens as encouraging qualifications Living Contradiction goes in search of answers to the question that all educationalists must ask What do we want our education system to do for our children Suitable for teachers NQTs and policy makers Living Contradiction is a resonatory self examination of teacher identity and a significant contribution to the debate about how schools and classrooms are run

Edward Cranz,Nancy Struever,2024-10-28 The previous Variorum collection of studies by the late F Edward Cranz focused specifically on Nicholas of Cusa The present selection has an equally clear focus but a far broader scope it brings together materials on his major thesis of a fundamental reorientation of the categories of thought in the Latin West c 1100 AD a thesis that dominated his work from the 1960s onwards The volume differs from the usual Variorum collection in that much of the material is hitherto unpublished distributed only in samizdat form to Cranz s friends and colleagues Nancy Struever has collated and edited the versions of these papers and supplied the necessary annotation for his references It includes too some of the research related to his editions of the Late Antique Aristotelian commentator Alexander Aphrodisiensis and his early research on the reception of Classical and early Christian political thought demonstrating the pertinence of this to the reorientation thesis Cranz s argument centering on Anselm s reading of Augustine and Abelard s of Boethius but dealing with Renaissance and Reformation figures such as Petrarch and Valla Cusanus and Luther Nifo and Zabarella claims a reorientation in speculative genres of the most basic premises of the relations of mind language and reality Cranz s meticulous close readings of the texts make the case that the reorientation was so deep and thorough as to problematise our modern readings of Hellenic thinkers such as Aristotle and so radical as to be almost invisible to the Medieval and post Medieval thinkers The definitions and distinctions of thematics in this collection are of intrinsic interest then to Classical and Late Antique Medieval Renaissance and Early Modern intellectual historians Indeed Cranz s work vindicates serious intellectual historical inquiry as indispensable to our understanding of the basic motives and accomplishments of the culture of Pre Modernity **Ethical Education in Plutarch** Sophia Xenophontos,2016-05-24 In addition to being the author of the Parallel Lives of noble Greeks and Romans Plutarch of Chaeronea AD c 46 c 120 is widely known for his rich ethical theory which has ensured him a reputation as one of the most profound moralists in antiquity and beyond Previous studies have considered Plutarch s moralism in the light of specific works or group of works so that an exploration of his overall concept of ethical education remains a desideratum Bringing together a wide range of texts from both the Parallel Lives and the Moralia this study puts the moralising agents that Plutarch considers important for ethical development at the heart of its interpretation These agents operate in different educational settings and perform distinct moralising roles dictated by the special features of the type of moral education they are expected to enact Ethical education in Plutarch becomes a distinctive manifestation of paideia vis vis the intellectual trends of the Imperial period especially in contexts of cultural identity and power By reappraising Plutarch s ethical authority and the significance of his didactic spirit this book will appeal not only to scholars and students of Plutarch but to anyone interested in the history of moral education and the development of Greek ethics Discourse Markers Andreas H.

Jucker, Yael Ziv, 1998-07-15 Studies of Discourse Markers so far have concentrated on either the descriptive or the theoretical parameter. This book brings together thirteen papers concerning aspects of lexical instantiations of Discourse Marking devices ranging from functional descriptions along cognitive attitudinal interactive and structure signalling lines to theoretical issues arising from various properties discourse markers display cross linguistically. Data from English, Finnish, Hebrew, Korean and Japanese are examined. Also addressed are questions concerning overall accounts, potential sub-classifications, possible form-function correlations and the appropriateness of such frameworks as Relevance Theory for their description. Interestingly, features evident in the distribution and use of lexical discourse markers are shown to affect the assessment of such theoretical constructs as the distinction between conceptual and procedural meaning. A more sophisticated picture emerges than a simple dichotomy between the two. Studies of the grammar of Discourse Markers hence would have to take the observations and suggestions raised in this collection of papers into account.
