prone We start to see that while we may have various thoughts beliefs and identities they do not individually or collectively tell us who we are 4 The biggest barrier to awakening is the belief that it is something rare When this barrier is dropped or at least you start to tell yourself that awakening is difficult then everything becomes available to you When you start to take in this awakesness it is mind boggling The Truth About Lying Gini Graham Scott,2006 The author of The Empowered Mind presents a fascinating look at the many reasons why people lie am Scott focuses on different types of lies we tell and presents the stories of ordinary people who have lied to gain advantages in their careers relationships and other aspects of their lives
