### Finding Your Seat at the Table

Susan M. Harnett, Laureen P. Cantwell-Jurkovic, 2022-02-19 Service on Institutional Review Boards IRB and Institutional Animal Care and Use Committees IACUC is an uncommon activity for librarians Even librarians who participate in institutional research activities in a supportive capacity or conduct their own original research as scholars themselves and

are familiar with the IRB IACUC research approval process they may hesitate to participate more fully with these boards There may be a perception that the work of the IRB and IACUC is too scientifically complex for librarians without an appropriate background Library administrators may not advocate for librarian inclusion on the board for fear of additional burdens on the librarian s time and university administrators might need some convincing of the librarian s suitability to perform this work This book provides librarians with foundational knowledge of the IRB and IACUC describes the work of these important committees and expands librarians conceptualization and knowledge of opportunities to create services and partnerships through participation The book provides a progressively more comprehensive understanding of the work of these committees Parts I and II discuss IRB and IACUC respectively their history functions and membership Part III highlights expanding roles for librarians on IRB and IACUC and in institutional research activities A special feature of this section describes the experiences of librarians in their own words who work with IRB or IACUC what they have learned how they have used their experiences to create partnerships and market library services and what role they see for libraries and librarians in institutional research

**Scientific and Technical Aerospace Reports** ,1992 **Energy and Environment in the Tropics** Shaharin Anwar Sulaiman,2022-11-21 The tropical zones are dominated by developing countries which mainly face problematic environmental issues Different than four season countries tropical countries have a continuous summer like season and therefore they are rich in clean energy sources like solar and biomass Hence the mitigations of environment and energy issues in the tropics would require specific understanding and different approach to solutions This book offers an assortment of studies on scenarios of environment as well as energy demand and power generation technologies in the tropics Many of the countries within the tropics are highly populated and this results in various problems related to the environment and energy The demand for energy in these countries keeps increasing but concurrently there are also environmental issues that require serious attention As the global concern on the environment is alarming today the choice of power generation should be of the cleanest possible resource This various reports on research activities carried out in the tropics on the aspect of environment and energy presented in this book are highly beneficial for those who like to see an improvement in the tropics with regard to environment and energy systems
