impact on feminist research practice and women's studies scholarship. The Handbook continues to provide a set of clearly defined research concepts that are devoid of as much technical language as possible. It continues to engage readers with cutting edge debates in the field as well as the practical applications and issues for those whose research affects social policy and social change. It also expands on the wealth of interdisciplinary understanding of feminist research praxis that is grounded in a tight link between epistemology, methodology, and method. The second edition of this Handbook will provide researchers with the tools for excavating subjugated knowledge on women's lives and the lives of other marginalized groups with the goals of empowerment and social change.
