different frame for worship than opening with congregational announcements and a loud call and response session She has found that this theory has opened her eyes to dynamics in worship she had not noticed before and best helped her understand differences in worship styles By understanding our frames we can learn how to reframe worship to give fuller and richer expression to our faith Kapp shares her insights with congregations and worship leaders so they will gain new perspectives from which to analyze and design worship and deepen their perceptions about the role worship plays in faith communities
