Prayers For Sunday Service:

Common Prayer for Christian Worship James Martineau, 1864 Service and Prayers for Church and Home Wilbur Patterson Thirkield, 1918 An Order of Worship, with Forms of Prayer for Divine Service Benjamin Bartis Comegys, 1885

Prayers in Stone Paul Eli Ivey, 1999 The classical revival style of architecture made famous by the 1893 World's Columbian Exposition in Chicago left its mark on one of the most sustained classical building movements in American architectural history the Christian Science church building movement By 1920 every major American city and many smaller towns contained an example of this architecture financed by the followers of Mary Baker Eddy the church's founder These buildings represented a new burgeoning American institution that appealed to business people and to young men and women working to succeed Characterized by middle class congregations that in the early part of the century were over 75 percent women Christian Science suggested radical civic reform solutions based on an idealistic and pragmatic individualism It attracted criticism from traditional churches and from the medical establishment due to its rapid growth and to its reinstatement of primitive Christianity's lost elements of physical healing and moral regeneration Prayers in Stone spins out the close connections between Christian Science church architecture and its social context This architecture served as a focal point for debates over the possibilities for a new twentieth century urban architecture that proponents believed would positively shape the behavior of citizens Thus these buildings played a critical role in discussions concerning religious and secular architecture as major elements of religious and social reform Drawing on a wide range of documentary evidence including material from the archives of the Mother Church in Boston Paul Ivey uses Christian Science architecture to explore the social implications of architectural styles and new building technologies to illuminate class based notions of civic reform and beautification and to investigate the use of architecture to bring about religious and social change In addition the book explores complex gender issues including early attempts to define a professional space for women as Christian Science practitioners Lavishly illustrated Prayers in Stone focuses on four major city arenas of Christian Science building Boston Chicago New York and the San Francisco Bay area to demonstrate the vital intersection of architecture and religion at the so called margins of American society **American Methodist Worship** Karen B. Methodists Others in the Just In Time Series Other Communion Resources *Methodist Worship* R. Matthew Sigler, 2018-07-04 What makes Methodist worship Methodist or Wesleyan How do Methodists evaluate emerging forms of worship in light of their own liturgical heritage This book considers these questions by bringing to light the work and significance of three Methodist liturgists who have until now received precious little scholarly focus Thomas O Summers 1812 1882 Nolan B Harmon 1892 1993 and James F White 1932 2004 Exploring each one s contribution to the Methodist movement it evaluates their continuing legacies as scholars and practitioners of Methodist worship Importantly the work of all these men occurred during times of cultural change which gave rise to new ways of worship within the landscape of American Methodism Addressing them in chronological order this study shows how each figure enacted liturgical reform and renewal by drawing from the liturgical textual tradition inherited directly from John Wesley s Sunday Service of the Methodist in North America as well as the hymnody of Charles Wesley It also demonstrates how they sought to inculturate the Wesleyan liturgical tradition in the midst of these significant changes Evaluating historic and emerging trends in Methodist liturgical praxis this is a book that will be of great interest to scholars of Methodism the History of Religion Liturgical Studies and Theology *Using the Book of Common Prayer* Paul Thomas, 2014-08-04 A practical guide to using the Book of Common Prayer without using technical language or assuming prior knowledge It includes a history and theology of the BCP with practical advice on using its principal services **Worship as Community Drama** Pierre Hegy, 2019-03-22 Church weddings funerals and most Sunday services reflect the values and dramas of their communities even when the ministers are the main or sole actors This point is illustrated by examples ranging from American television masses to the Zairean three hour services in the Congo Of greatest interest to readers might be the Sunday services at ordinary parishes which also range from friendly but uninspiring to innovative and inviting There are also two exceptionally vital churches analyzed here an evangelical church in the Pentecostal tradition and a social justice parish in the tradition of Martin Luther King Jr Today one can hardly buy an item in a store or on the Internet without being asked for an evaluation yet church services are seldom evaluated There can be no improvement without evaluation This book proposes a method of evaluation in eight steps that must be rigorously scientific and at the same time offer a vision for spiritual growth The prophet Elijah found God in earthquakes and fire but most people find mystery through art music rhythm chanting expressive readings evocative rituals and enlightened homilies Today people expect mystagogy rather than routine performances Mystagogy can be learned and improved through evaluation to which this book desires to make a major contribution *Liturgia Expurgata; or, the Prayer-book as Amended by the Westminster Divines.
