## **Pre Race Trading Guide:**

Make Money Online Trading Betfair Horse Racing Cristiano Silva, 2015-11-16 Are your trading results a little random Do you find all progress is consistently wiped out by one big loss One of the biggest problems amongst new traders is the lack of understanding when trading an active market all the numbers graphs and activity often appears quite daunting Especially when it means very little to you With all the opportunity on offer it's hard not to get sucked in but you fail time and again It's important to understand the reasons behind market behaviour In doing so it allows us to identify situations and adapt should they change over time Much like that saying goes Give a man a fish and you feed him for a day Teach a man to fish and you feed him for a lifetime The Guide is written without any additional padding to make it clear and easy to understand quickly Previous readers have reported a rapid change in results within a week It's important to remember trading isn't just about winning large sums of money it's about not losing too After a first read that alone should have an impact on your results This guide is more than a strategy that works it's the explanation behind what I do and why I consider certain indicators important The Pre Race Trading Guide is simple it will help you in Understanding of how the markets function the motivation behind the numbers Identify profitable situations ready in anticipation to squeeze as much profit from them as possible Spot difficult situations to trade avoiding losses before they even happen Effectively implementing yourself in the market execution is the key to maximum efficiency
