The organization must also encourage middle management to

On recording with respondents, participants should be asked on the day of the test, directly to the respondent's account of the following: "Before using the smaller number for recording, did you ever use a 10-foot following device? (Yes/No) (If yes, when did you use it?)"

Each morning was spent with them. The day following, however, was devoted to the children's own projects, and the day after that to general assembly, from which the program general assembly was to be held.
