Supporting Workplace Learning Rob F. Poell, Marianne van Woerkom, 2011-01-19 During the 1990s the workplace was rediscovered as a rich source of learning The issue of workplace learning has since received increasing attention from academics and practitioners alike but is still under researched empirically This book brings together a range of state of the art research papers addressing interventions to support learning in the workplace The authors are experienced international scholars who have an interest in making HRD and workplace learning practices more evidence based through practical relevant research Although workplace learning is largely an autonomous process many organizations want to manage it as part of their broader HRD strategy There are limits however to the extent to which the complex dynamics of learning in the workplace can be guided in pre determined desirable directions This tension between the possible strengths of workplace learning and the limits of managing it is at the heart of this volume The book is broken into three sections The first section deals with workplace learning interventions including HRD practitioners strategies training and development activities and e learning programs The second section investigates the impact of social support or lack thereof in workplace learning such as mentoring coaching and socialization practices The third section addresses collective learning in the workplace looking at teams knowledge productivity and collaborative capability building

Monthly Catalog of United States Government Publications ,1993 Trends in Training Brian J. O'Leary, Bart L. Weathington, 2015-09-04 In the modern workplace millions of dollars are spent each year on employee training All too often however little thought and effort is spent on evaluating training and ensuring that the correct training is taking place Successful training is about understanding both organizational goals and employee behavior The basis for this book is the 9th Annual River Cities Industrial and Organizational Psychology Conference held on the campus of The University of Tennessee at Chattanooga in October 2013 The theme of the conference was Trends in Training Accordingly the focus of many of the talks was on how to train people to thrive and succeed in the environment where they spend a large portion of their lives the workplace Technical Abstract Bulletin Defense Documentation Center (U.S.), 1964 **Jets From Young Stars V** José Gracia, Fabio de Colle, Turlough

Downes, 2009-10-30 Studying the complex physical systems of stellar jets necessitates the incorporation of nonlinear effects which occur on a wide variety of length and timescales One of the primary methods used to study the physics of jets is numerical simulations that apply high performance computing techniques Such techniques are also required for analysing the huge modern astrophysical datasets This book examines those computing techniques It is a collection of the lectures from the fifth and final school of the JETSET network Jets From Young Stars V High Performance Computing in Astrophysics It begins with an introduction to parallel programming techniques with an emphasis on Message Passing Interface MPI before it goes on to review grid technology techniques and offer a practical introduction to Virtual Observatory The second half of the book then is devoted to applications of high performance computing techniques including 3D radiation transfer to jet and

star formation processes Aimed at graduate students in astrophysics this book presents state of the art methods thereby offering interesting new insights to researchers in the field **Proceedings RMRS.** ,1998 *Proceedings* E. Durant McArthur,1999 The 51 papers in this proceedings include an introductory keynote paper on ecotones and hybrid zones and a final paper describing the mid symposium field trip as well as collections of papers on ecotones and hybrid zones 15 population biology 6 community ecology 19 and community rehabilitation and restoration 9 All of the papers focus on wildland shrub ecosystems 14 of the papers deal with one aspect or another of sagebrush subgenus *Tridentatae* of *Artemisia* ecosystems The field trip consisted of descriptions of biology ecology and geology of a big sagebrush *Artemisia tridentata* hybrid zone between two subspecies *A. tridentata* ssp *tridentata* and *A. t.* ssp *vaseyana* in Salt Creek Canyon Wasatch Mountains Uinta National Forest Utah and the ecotonal or clinal vegetation gradient of the Great Basin Experimental Range Manti La Sal National Forest Utah together with its historical significance The papers were presented at the 10th Wildland Shrub Symposium Shrubland Ecotones at Snow College Ephraim UT August 12 14 1998 Representing Freight in Air Quality and Greenhouse Gas Models Louis Harold Browning,2010 This report presents an evaluation of the current methods used to generate air emissions information from all freight transportation activities and discusses their suitability for purposes such as health and climate risk assessments prioritization of emission reduction activities e g through State Implementation Plans and public education The report is especially valuable for 1 its identification of the state of the practice gaps and strengths and limitations of current emissions data estimates and methods and 2 its conceptual model that offers a comprehensive representation of freight activity by all transportation modes and relationships between modes This report will better inform the near term needs of public and private stakeholders regarding the quality of emissions data and guide future research that links freight activities with air emissions pub desc *Measuring and Improving Patient Satisfaction* Patrick J. Shelton,2000 *Measuring and Improving Patient Satisfaction* provides a detailed how to approach to establishing an effective patient satisfaction measurement program The reader learns how to measure patient satisfaction and act upon the information obtained from patient satisfaction surveys The book is based on the author's own experience in creating and implementing a patient satisfaction measurement program for the Med Partners Friendly Hills Health Network in Southern California
