

AWARDS CEREMONY PRESENTATION SPEECH by film-critic and screenwriting instructor John Petrakis

Thank you, Niko.

I would also like to thank my fellow jurors, film critic and Loyola University lecturer, Zbigniew Banas, and award-winning filmmaker, Mark Mamalakis.

When Niko asked if I might consider being a judge for this young but growing festival, I hesitated at first. Like many other writers and teachers who must cobble together a living from assorted jobs, I can be very stingy with my time. But I accepted for two reasons. First, in memory of Theo Angelopoulos, who passed away last year, and was not only the greatest of all Greek film directors, but one of the most honored and respected filmmakers in all the world. And second, because in this time of political and economic strife in Greece, it is important that we encourage the arts as a means to examine how our homeland found itself in such a dilemma and how it can pull itself out.

To that end, I would like to announce the winners.

In the Short Film category, the winner is **VICIOUS CIRCLE**, written, directed and produced by Salvador Georgantas, which we found to be a loving homage to silent film, the power of a punchline and the way that comedy is often the best way to face adversity.

McElheny, 2009-03-25 The most influential scientist of the last century James Watson has been at dead center in the creation of modern molecular biology This masterful biography brings to life the extraordinary achievements not only of Watson but also all those working on this cutting edge of scientific discovery such as Walter Gilbert Francis Crick Francois Jacob and David Baltimore From the ruthless competition in the race to identify the structure of DNA to a near mutiny in the Harvard biology department to clashes with ethicists over issues in genetics Watson has left a wake of detractors as well as fans Victor McElheny probes brilliantly behind the veil of Watson's own invented persona bringing us close to the relentless genius and scientific impresario who triggered and sustained a revolution in science **Public Speaking for College and Career** Hamilton Gregory, 2005 The Business Speech James VanOosting, 1985
