Resources in Education , 1996 Education Flashpoints Alan J. Singer, 2014-04-24 Drawing on his widely read Huffington Post columns rated one of the top educational blogs in the United States Alan Singer introduces readers to contemporary issues in education in the United States The issues are presented with a point of view and an edge intended to promote widespread classroom debate and discussion Each section opens with a new topical summary essay followed by a series of brief essays updated and adapted from Huffington Post columns The book includes guest contributions guiding questions and responses to essays by teacher education students and teachers to further classroom discussion Education Flashpoints is written in a conversational style that draws readers into a series of debates by presenting issues in a clear and concise manner but also with a touch of irony and a bit of rhetorical bite The topics examined in these essays read like the latest newspaper headlines in the battle to define public education in the United States The Assessment of Emergent

Bilinguals Kate Mahoney, 2017-02-20 A practical guide to testing for teachers of English Language Learners This textbook is a comprehensive introduction to the assessment of students in K 12 schools who use two or more languages in their daily life English Language Learners ELLs or Emergent Bilinguals The book includes a thorough examination of the policy history and assessment measurement issues that educators should understand in order to best advocate for their students The author presents a decision making framework called PUMI Purpose Use Method Instrument that practitioners can use to better inform assessment decisions for bilingual children The book will be an invaluable resource in teacher preparation programs but will also help policy makers and educators make better decisions to support their students Demythologizing

Educational Reforms Arthur T. Costigan, Leslee Grey, 2014-08-21 There are dozens of myths surrounding educational reform

today maintaining the school's role in economic competitiveness the deficiency of teachers the benefits of increased testing and the worthiness of privatization In this volume the editors argue that this discussion has been co-opted to reflect the values and worldviews of special interest groups such as elites in power politicians corporate educational foundations and the media Prominent educational writers tackle contemporary issues such as neoliberalism suburban schooling charter schools and parental involvement They expose the logic behind the talk and critically examine these problematic beliefs to uncover meaningful improvements in education which are better grounded in the social economic political and educational realities of contemporary society *A Parents' Guide to Grading and Reporting* Matt Townsley, Chad Lang, 2023-09-15

Whether resulting from the educational fallout of the COVID 19 global pandemic or merely challenging the status quo more schools are transitioning their grading practices away from traditional points and percentages and toward 21st century grading practices such as standards based and proficiency based grading *A Parents Guide to Grading and Reporting Being Clear about What Matters* assists parents and guardians in understanding what is involved in 21st century grading and how to become better partners with educators in efforts to understand students strengths and areas for improvement *Opting Out* David Hursh, Jeanette Deutermann, Lisa Rudley, Zhe Chen, Sarah McGinnis, 2020-01-22 A 2020 AESA Critics Choice Book Award winner The rise of high stakes testing in New York and across the nation has narrowed and simplified what is taught while becoming central to the effort to privatize public schools However it and similar reform efforts have met resistance with New York as the exemplar for how to repel standardized testing and invasive data collection such as in Bloom In New York the two parent teacher organizations that have been most effective are Long Island Opt Out and New York State Allies for Public Education Over the last four years they and other groups have focused on having parents refuse to submit their children to the testing regime arguing that if students don't take the tests the results aren't usable The opt out movement has been so successful that 20% of students statewide and 50% of students on Long Island refused to take tests In *Opting Out* two parent leaders of the opt out movement Jeanette Deutermann and Lisa Rudley tell why and how they became activists in the two organizations The story of parents students and teachers resisting not only high stakes testing but also privatization and other corporate reforms parallels the rise of teachers across the country going on strike to demand increases in school funding and teacher salaries Both the success of the opt out movement and teacher strikes reflect the rise of grassroots organizing using social media to influence policy makers at the local state and national levels Perfect for courses such as The Politics Of Education Education Policy Education Reform Community Organizing Education Evaluation Education Reform Parents And Education **Leadership in Action** Jim Dueck, 2020-02-12 This book outlines how administrators in our school system can move from managerial efforts to leadership functions Identifying taxpayers as the school systems foremost client presents leaders with the critical perspective for ensuring accountability Government is the taxpayers servant and act as managers of educational funding and programs and is supported by administrators working in

schools districts and regional offices A key understanding is that school is a student s place of work and current processes for evaluating and reporting their progress identifies them as the most accountable workers in our culture Taxpayers are better served when educators and government are held accountable by similar assessment processes Accountability is enhanced when power for selecting teachers and schools is shifted from administrators to parents and quantifiable information provides the basis for these decisions Ensuring that students have their learning assessed consistently guarantees fairness to students and provides critical information for parents and taxpayers Proven leadership strategies for ensuring accountability and superior levels of performance are presented for each administrative level *Scientific Inquiry and Nature of Science* Lawrence Flick,N.G. Lederman,2007-10-23 This book synthesizes the most current literature and research on scientific inquiry and nature of science in K 12 instruction It is unique in its presentation of the distinctions and overlaps of inquiry and nature of science as instructional outcomes The text would be appropriate for individuals preparing to become science teachers as well as experienced teachers Researchers and teachers will find the text interesting as it carefully explores the subtleties and challenges of designing curriculum and instruction for integrating inquiry and nature of science

Systematic Classroom Assessment Sarah Bonner,Peggy Chen,2019-03-22 Systematic Classroom Assessment promotes a fresh vision of assessment for student learning and achievement Using a framework that positions assessment as both an iterative purposeful cycle of inquiry for teachers as well as a coherent system of activities through which students engage in their own learning this framework for classroom assessment is unique in incorporating self regulated learning motivation and non cognitive processes Key components such as assessment for learning feedback emerging technologies and specific content areas are treated in depth and fundamental principles like reliability validity and fairness are approached from the classroom perspective **Master the New York City High School Admissions Tests** Peterson's,2013-11-15 The New

York City Specialized High School Admissions Test SHSAT is offered to all eighth and ninth grade students residing within the five boroughs of NYC who wish to attend a specialized high school Peterson s comprehensive resource provides you with valuable preparation which includes 10 practice tests covering scrambled paragraphs reading comprehension logical reasoning word problems algebra and geometry Every question is accompanied by our expert detailed answer explanations that are sure to help you boost your test prep efforts to score high on the exam You ll also discover important information about the exam format and scoring as well as information about the specialized high schools and testing locations There is also a bonus section which includes 2 practice tests for the Hunter College H S Entrance Examination which is administered each January to all sixth grade students residing within the five boroughs of NYC who meet specific criteria in reading and mathematics **Confronting Oppressive Assessments** Walter S. Polka,John William McKenna,2016-09-14 This book is

about doing what s right for public education in the United States in this age of intensive curriculum convergence planned instructional standardization and oppressive accountability procedures Information is presented about why and how

educators parents students community members and policy makers have decided to protest against current state and federal educational policies and procedures The practical experiences of parents teachers principals school superintendents school board members and professors are analyzed in chapters of this book Their first hand experiences with the various components of the current reform movement are poignantly presented Through their voices the frustrations with the serious flaws associated with this reform agenda are passionately and logically articulated They comprehensively explain their personal and professional motivations for organizing and fomenting a rethinking in school reform implementation procedures and they advocate their smarter approach to school reforms in our country The book includes key references that elucidate the need to seriously re think the directions and strategies of contemporary schooling in order to maintain enlightened creative instruction based on exciting student centered curriculum experiences and professional educational judgments

The End of Public Schools David W. Hursh, 2015-10-16 The End of Public Schools analyzes the effect of foundations corporations and non governmental organizations on the rise of neoliberal principles in public education By first contextualizing the privatization of education within the context of a larger educational crisis and with particular emphasis on the Gates Foundation and influential state and national politicians it describes how specific policies that limit public control are advanced across all levels Informed by a thorough understanding of issues such as standardized testing teacher tenure and charter schools David Hursh provides a political and pedagogical critique of the current school reform movement as well details about the increasing resistance efforts on the part of parents teachers and the general public Changing Politics of Education Michael Fabricant, Michelle Fine, 2015-11-17 The authors persuasively argue that the present cascade of reforms to public education is a consequence of a larger intention to shrink government The startling result is that more of public education s assets and resources are moving to the private sector and to the prison industrial complex Drawing on various forms of evidence structural economic narrative and youth generated participatory research the authors reveal new structures and circuits of dispossession and privilege that amount to a clear failure of present policy Policymaking is at war with the interests of the vast majority of citizens and especially with urban youth of color In the final chapter the authors explore democratic principles and offer examples essential to mobilizing in solidarity with educators youth communities labor and allied social movements the kind of power necessary to contest the present direction of public education reform

Advancing Equity and Achievement in America's Diverse Schools Camille Wilson, Sonya Horsford, 2013-09-05 Advancing Equity and Achievement in America s Diverse Schools illustrates how educators students families and community partners can work in strategic ways to build on social cultural and ethnic diversity to advance educational equity and achievement By drawing on the latest data on demographic change constructions of culture and cultural difference and the politics of school reform in urban rural and suburban school communities this volume looks toward solutions and strategies for meaningful educational improvement Contributors consider both the diversity of youth and families served in public

schools and the culture of U S schooling highlighting the influence of policy and reform agendas students identities and agency experiences and approaches of diverse educators and the workings of effective school partnerships Chapters also focus on those often overlooked in educational scholarship such as Native Americans students experiencing poverty and or homelessness Muslim students students with special needs and students and educators who are lesbian gay bisexual transgender intersex or queer In all this edited collection stresses the need for high quality education that is inclusive culturally responsive and unifying so all students can experience academic success This book is a meaningful resource for educators policymakers and community based leaders interested in doing such transformative work **Reframing the**

Subject Kelly Ritter,2016-01-23 Mental hygiene films developed for classroom use touted vigilance correct behavior morality and model citizenship They also became powerful tools for teaching literacy skills and literacy based behaviors to young people following the Second World War In this study Kelly Ritter offers an extensive theoretical analysis of the alliance of the value systems inherent in mental hygiene films class based ideals democracy patriotism with writing education an alliance that continues today by way of the mass digital technologies used in teaching online She further details the larger material and cultural forces at work in the production of these films behind the scenes and their effects on education trends Through her examination of literacy theory instructional films policy documents and textbooks of the late 1940s to mid 1950s Ritter demonstrates a reliance on pedagogies that emphasize institutional ideologies and correctness over epistemic complexity and de emphasize the role of the student in his or her own learning process To Ritter these practices are sustained in today s pedagogies and media that create a false promise of social uplift through formalized education instead often resulting in negative material consequences **Handbook of Research on Assessment Literacy and Teacher-Made Testing in the**
