Good Afternoon, teachers and year 8 students of Marymount College. My name is Sara Petruzzella, I'm a student of 8 Amber and I would love to be your school captain for 2011. Through-out this speech you will learn a little bit more about my personality, my goals and aspirations, my leadership qualities and what would make me a good candidate for this position.

Firstly, I would like to start by explaining to you what this position means to me. The School Captain needs to be a respectful but also fun loving person, someone who can represent the school and its core values; Hospitality, Compassion, Stewardship and Reconciliation in a positive manner. To me the role of school captain is more than a badge or a fancy title but a chance to make a positive influence on the students even teachers and their time at Marymount College. I will be the first person to say that I'm not perfect but I do believe that this position is perfect for me.

Secondly, I would like to introduce you to my personality types. My 2 strongest personality types are Type 1: The Reformer and Type 2: the Helper. As these personality types I offer many great qualities to this position,

As a Type One I,

- Have a strong sense of what's right, which leads me to make good decisions.
- Always work towards an ideal, I always have a goal and believe that I can achieve it.
 - Am truthful and trustworthy, I can be trusted with great responsibility.
- Have strong values and morals, I stand for what I believe in and I don't let others influence me in a wrong way.
 - Always try to be the best person I can possibly be.

As a Type Two I,

- Put others before myself, I think about others and how my actions may influence them.
- Am very friendly, I am a very happy and bubbly person who gets along well with others.

The Bonds of Brotherhood Bob Mitchell, 2023-08-15 *The Bonds of Brotherhood* begins with an act of vandalism at a prestigious English private school A statue in honor of the school's founder is defaced sparking the curiosity of a group of perceptive ninth graders Was this a routine property crime or a political statement gone wrong This is a fresh take on the classic boarding school novel Stimulating critical thinking for teenagers in an age of cancel culture the tale is told with gentleness and plenty of humor The British boarding school setting is the perfect environment to critique elitism and pomposity and to revisit some of the darker shadows of history Underneath this story is the biblical notion of our shared value and humanity Important motifs about inequality slavery exclusion and bullying pervade the text Strong Christian voices come from the main protagonist Edwin Fothergill and the school's chaplain goodness generosity and kindness prevail

Discipline and Learn Megan Watkins, 2012-03-24 *Discipline and Learn Bodies Pedagogy and Writing* explores how discipline is typically construed as a form of subjection in contemporary educational thought and in critical and cultural theory more broadly It provides a critique of this emphasis on the repressive aspects of discipline highlighting its enabling potential and role in the development of dispositions to learning The book engages with the work of a range of theorists Foucault Bourdieu Merleau Ponty Mauss and Spinoza and considers their usefulness in theorizing embodiment and learning in the teaching of writing in the early years of school Emphasis however is placed on the work of Bourdieu and his notion of habitus melding theory and practice in an ethnography of contemporary classrooms This text is invaluable reading for students and academics across the social sciences and humanities interested in questions of embodiment affect and their relation to learning This is the most thought provoking book to be published on pedagogy in a long long time Conceptually elegant and empirically rich it undercuts conventional wisdom and potentially rearranges how we think about teaching learning and writing It argues that students bodies not just their minds matter in learning explaining how in practice the desire to learn is a mindful bodily disposition And it shows how through an enabling form of discipline teachers can produce a scholarly habitus in all students including the educationally disadvantaged and defiant Jane Kenway Professor of Education Monash University *Discipline and Learn Bodies Pedagogy and Writing* an excellent book which makes an important contribution to our understanding of both pedagogy and the body and which is sure to spark debate in both fields It is careful and judicious in its approach but still manages to be provocative and original Nick Crossley Professor of Sociology University of Manchester
