Substantial Rehabilitation & New Construction William Duncan, Robert M. Santucci, Gene Ruckle, Kent Buhl, Enterprise Foundation. Rehab Work Group, 1991-10-10 The procedures in this manual distill six years of learning about the most efficient acquisition and construction methods in this country for high volume production of housing affordable to low income people The people in the Rehab Work Group at The Enterprise Foundation have gathered this information first hand and conveyed it in training workshops on production management throughout the country Over 2000 participants in the workshops have included rehab specialists from city housing departments construction managers of single and multifamily rehab projects program managers from both nonprofit housing development organizations and city rehab departments as well as students in colleges and universities They are becoming the backbone of a new cadre of effective producers of affordable housing In the 30 cities and several rural areas where we have both learned and applied these production management techniques they have resulted in savings of 5 10 even 25 percent of the cost of housing development The Enterprise Foundation is a national nonprofit organization that my wife Patty and I launched in 1982 The Foundation's mission is to see that all very low income Americans have the opportunity for fit and affordable housing within a generation and work their way up and out of poverty into the main stream of American life

Global Comparability of Financial Reporting Under IFRS Francesco De Luca, Ho-Tan-Phat Phan, 2022-11-14 The globalization of financial markets worldwide has progressively pushed toward simultaneous globalization of accounting information Thus during the last 50 years categories of preparers users and regulators have devoted their efforts to support the global comparability of financial reporting aiming at favoring the comparison of corporates financial performances at a cross country level In the same vein IASB national standard setters and jurisdictions have participated in and given momentum to this process At the same time academic research has followed this process and tried to build a theoretical framework to address the related issues to assess the impact on preparers users and regulators while defining hindrances and obstacles to the comparability of financial reporting especially in an IFRS environment In this context this book reviews research studies on the comparability of financial reporting at a global level as well as highlights empirical analyses that demonstrate the extent to which global comparability has been achieved and how it enhances value relevance of earnings across countries It also looks at the cross country investors perspectives by shaping the empirical analysis to provide further insights on the role of the Big Four auditing services in enhancing the comparability of earnings The book provides an original contribution to the current debate about the comparability of financial reporting under IFRS and will be useful for researchers in the field
