Defining Identity and the Changing Scope of Culture in the Digital Age Novak, Alison, El-Burki, Imaani Jamillah, 2016-05-19 Since the popularization of Internet technologies in the mid 1990s human identity and collective culture has been dramatically shaped by our continued use of digital communication platforms and engagement with the digital world. Despite a plethora of scholarship on digital technology, questions remain regarding how these technologies impact personal identity and perceptions of global culture. *Defining Identity and the Changing Scope of Culture in the Digital Age* explores a multitude of topics pertaining to selfhood, self-expression, human interaction, and perceptions of civilization and culture in an age where technology has become integrated into every facet of our everyday lives. Highlighting issues of race, ethnicity, and gender in digital culture, interpersonal and computer-mediated communication, pop culture, social media, and the digitization of knowledge, this pivotal reference publication is designed for use by scholars, psychologists, sociologists, and graduate-level students interested in the fluid and rapidly evolving norms of identity and culture through digital media.

Customer Engagement Roderick J. Brodie, Linda D. Hollebeek, Jodie Conduit, 2015-12-14 How customers and consumer behavior have been changing due to technology and other forces is of prime interest. This book addresses the central questions regarding new emerging consumer behavior: how does social media affect this behavior, how and at what points do emotions affect consumer decisions, and what triggers this? How should engagement be conceptualized, defined, and measured? How do social media and other marketing activities create engagement? The book draws on the rich, extensive knowledge of the authors who are pioneers in the field. The book's editors have identified the weakness in the current knowledge and aim to address this gap by touching on significant conceptual and empirical contributions to this emerging literature stream, providing readers with a comprehensive contemporary perspective of customer engagement. The book also endeavors to develop a richer narrative around the notion of social media and customer engagement and the non-monetary notion of social media within new media-based social networks.

United States of America Congressional Record, Proceedings and Debates of the 113th Congress Second Session Volume 160 - Part 2, Congressional Record United States Congress, 2014 **Sharing the Blue Crayon** Mary Anne Buckley, 2023-10-10 Social and emotional learning is at the heart of good teaching, but as standards and testing requirements consume classroom time and divert teachers' focus, these critical skills often get sidelined. In *Sharing the Blue Crayon*, Mary Anne Buckley shows teachers how to incorporate social and emotional learning into a busy day and then extend these skills to literacy lessons for young children. Through simple activities such as read-alouds, sing-alongs, murals, and performances, students learn how to get along in a group, empathize with others, develop self-control, and give and receive feedback, all while becoming confident readers and writers. As Buckley shares, "Every day we ask young children to respectfully converse, question, debate, and collaborate about literature, science, math problems, history, and more. That's sophisticated stuff and requires sophisticated skills. Social and emotional skills are

essential to helping children communicate their knowledge and articulate their questions We must teach students how to build respectful caring classroom communities where students are supported and fully engaged in the learning and everyone can reach their potential In this fresh and original book Buckley captures the humor wonder honesty and worries of our youngest learners and helps teachers understand how to harness their creativity and guide their conversations toward richer expressions of knowledge Teachers of special populations will especially appreciate Buckley s successful strategies for reaching English language learners and children from high poverty homes who may not have strong foundations for academic discourse As Buckley reminds us By understanding one another orally and socially at first then using those community building exchanges to strengthen the skills of reading and writing we experience the authentic pride and sweet joys of learning understanding and connecting to one another
