Gary Paulsen Mary Ellen Snodgrass, 2018-08-14 McFarland Companions to Young Adult Literature American novelist Gary Paulsen is best known for his young adult fiction including bestsellers *Nightjohn* *Soldier's Heart* and *Woods Runner*. From his trenchant prose in *The Rifle* and *The Foxman* to the witty escapades of *Harris and Me* and *Zero to Sixty* Paulsen crafts stories with impressive range. The tender scenes in *The Quilt* and *A Christmas Sonata* speak to his empathy for children with characters who endure the same hardships that marred his own early life. This literary companion introduces readers to his life and work. A to Z entries explore themes such as alcoholism coming of age slavery survival and war. A glossary defines terms unique to his work. Appendices provide related historical references writing art and research topics. **Gary Soto** Ron McFarland, 2022-08-05 In a 1995 interview prolific Chicano writer Gary Soto noted *Wonderment* has always been a part of my life. This book surveys Soto's immense range of poems stories novels essays and plays for audiences of prereaders to adults. Soto's world moves from the cotton and beet fields of the San Joaquin Valley to the blue collar barrios of Fresno and to urban and suburban settings in Oakland and Berkeley. Chapters analyze a wide variety of Soto titles from his breakout works like 1977's *The Elements of San Joaquin* to the *Chato the Cat* illustrated books for children. With self-deprecating humor particularly in his poems Soto combines his wonderment with the trials and conflicts that beset him throughout life. In such novels as *Jesse Buried Onions* and *The Afterlife* and in his stories for YA readers including *Baseball in April* and *Petty Crimes* his broad array of characters confront the anxieties and annoyances of adolescence. Although he continues to motivate young Chicanos to read and write Soto stakes his greatest claims to literary prominence through his poems which are accessible to readers of all ages. **The One-on-One Reading and Writing Conference** Jennifer C. Berne, Sophie C. Degener, 2015 Personal interactions are the single most effective way for teachers to understand and evaluate their student as learners. Responding specifically to new Common Core State Standards in reading and writing this book introduces pre and inservice teachers to a method of one on one interaction the authors refer to as the stretch conference. This book provides detailed practical advice on the logistics of implementing these conferences during the busy school day including tips on how and when to schedule conferences and how to successfully manage the classroom during conference time. The authors argue that rather than using valuable conference time for word level concerns and editing teachers should focus on more ambitious goals that will deepen or stretch students skills in comprehension and writing. This resource suggests where conferences fit in with other important pieces of literacy instruction introduces a variety of high quality cues to use during conferences and shows how conferences can function as formative assessment for reading and writing skills. This book was written by two veteran teacher educators who conduct frequent workshops and professional development with teachers helps teachers adjust their instruction for the demands of Common Core Standards and includes many detailed examples of effective conferences taken from real classrooms. *Reality TV* Annette Hill, 2014-11-13 Reality TV is popular entertainment. Controversial Books in K-12 Classrooms and Libraries Randy Bobbitt, 2019-10-04 Controversial Books in K 12 Classrooms and Libraries Challenged Censored and Banned analyzes the history of controversy surrounding assigned reading in K 12 classrooms and books available in school libraries Randy Bobbitt outlines the history of book banning and controversy in the United States stemming from 1950s conservative Cold War values of patriotism and respect for authority and ramping up through the 1960s and onward as media coverage and parental intervention into the inner workings of schools increased The author claims that sensitive topics including sexuality suicide and drug use do not automatically imply the glorification of deviant behavior but can be used constructively to educate students about the reality of life Bobbitt argues that in an effort to shield children from the dangers of controversial issues parents and administrators are depriving them of the ability to discover and debate values that are inconsistent with their own and those around them teaching instead that avoidance of different viewpoints is the solution Scholars of education communication literature and policy will find this book especially useful

carried out The conference promoted collaboration among academia research institutions and disaster management offices and further encouraged multidisciplinary and multi sectoral interaction This International Symposium on Multi Hazard Early Warning and Disaster Risk Reduction provided an important opportunity to reflect upon our progress to date in tackling disaster risk but also to consider some of the challenges and opportunities that lay ahead of us A particular focus of this event was Multi Hazard Early Warning During the negotiations for the Sendai Framework countries and partners highlighted the need to
