Controversial Books in K-12 Classrooms and Libraries Randy Bobbitt, 2019-10-04 Controversial Books in K 12 Classrooms and Libraries Challenged Censored and Banned analyzes the history of controversy surrounding assigned reading in K 12 classrooms and books available in school libraries Randy Bobbitt outlines the history of book banning and controversy in the United States stemming from 1950s conservative Cold War values of patriotism and respect for authority and ramping up through the 1960s and onward as media coverage and parental intervention into the inner workings of schools increased The author claims that sensitive topics including sexuality suicide and drug use do not automatically imply the glorification of deviant behavior but can be used constructively to educate students about the reality of life Bobbitt argues that in an effort to shield children from the dangers of controversial issues parents and administrators are depriving them of the ability to discover and debate values that are inconsistent with their own and those around them teaching instead that avoidance of different viewpoints is the solution Scholars of education communication literature and policy will find this book especially useful

Time Regained Delia Ungureanu, 2021-10-07 Awarded the Tudor Vianu Prize for Literary and Cultural Theory by the National Museum of Romanian Literature Over the past 30 years the fields of world literature and world cinema have developed on parallel but largely separate tracks with little recognition of their underlying similarities and the ways that each can learn from the other Time Regained does not move from literature to cinema but exists simultaneously in both fields The 7 filmmakers selected here Andrei Tarkovsky Akira Kurosawa Martin Scorsese Ra l Ru z Wong Kar Wai Stephen Daldry and Paolo Sorrentino are themselves also writers or people with literary training and they produce a new type of world cinema thanks to their understanding of the world

simultaneously through literature and film In the process their films produce new readings of literary texts that world literature studies wouldn't have been able to achieve with its own instruments Time Regained examines how filmmakers build on literature to reconfigure the world as a landscape of dreams and how they use film to reinvent the narrative techniques of the authors on whom they draw The selected filmmakers draw inspiration from French surrealists modernists Marcel Proust Virginia Woolf and Marguerite Yourcenar and predecessors such as Dante and Cao Xueqin In the process these filmmakers cross the borders between film and literature nation and world dream and reality **Autism in Young**

Subjects unto the Same King Jenny Hale Pulsipher, 2014-01-14 Selected by Choice magazine as an Outstanding Academic Title Land ownership was not the sole reason for conflict between Indians and English Jenny Pulsipher writes in Subjects unto the Same King a book that cogently redefines the relationship between Indians and colonists in seventeenth century New England Rather the story is much more complicated and much more interesting It is a tale of two divided cultures but also of a host of individuals groups colonies and nations all of whom used the struggle between and within Indian and English communities to promote their own authority As power within New England shifted Indians appealed outside the region to other Indian nations competing European colonies and the English

crowd itself for aid in resisting the overbearing authority of such rapidly expanding societies as the Massachusetts Bay Colony. Thus Indians were at the center and not always on the losing end of a contest for authority that spanned the Atlantic world. Beginning soon after the English settled in Plymouth, the power struggle would eventually spawn a devastating conflict, King Philip's War, and draw the intervention of the crown, resulting in a dramatic loss of authority for both Indians and colonists by century's end. Through exhaustive research, Jenny Hale Pulsipher has rewritten the accepted history of the Indian-English relationship in colonial New England, revealing it to be much more complex and nuanced than previously supposed.
