### QUICK START USER GUIDE

## WELCOME

Thank you for selecting the CS5.0 Wireless Office Headset System from Plantronics. You have made the right choice for comfort and versatility.

This system allows your telephone to use a cordless Plantronics headset through an adapting base. It offers hands-free convenience and long-range cordless mobility. With the use of an optional handset liner, the user can remotely receive the telephone's ring alert and can answer the call by simply pushing the talk button on the headset.

This side of the guide has the important Safety Instructions that should be read prior to set up and use of your system. The quick start part on the other side identifies the components, has five steps to get you started, and test the system.

Most telephones will work with little or no adjustments. This system is not designed to work with phones which have the dial pad built into the handset.

The Product Information Booklet in all languages is online at: <http://www.plantronics.com/doc/quickstart.htm>
