Consumers are accustomed to paying 20% to 100% more than the cost of this training system for only the DVD. Changes to the CISSP Certification pre requisites will result in an increase in the popularity of the SSCP certification. Recently the ISC 2 increased the work experience requirement of the CISSP certification to four years from three years. This increase will result into current candidates for the CISSP to shift to the SSCP certification as the verifiable field requirement is only one year.
