

Introduction

The aim of this report is to outline the intended courses of actions in order to address the several issues caused by over tourism in popular destinations in Italy.

Overview

The data and research on tourist's behaviour leads to an immense concern of the government to fight against mass tourism. From strolling uncovered on Italian's streets to disrespecting the cultural manners of the locals, they also fill their bottles at the fountains and jump into canals for a swim.

Crowds

As far as crowds are concerned, it is undeniable that there are hordes of people interfering in the everyday lives of locals, polluting the honeypot sites, creating utter confusion, damaging historical buildings and disrespecting the native inhabitants. Apart from that, there is a percentage of these visitors that don't bring any financial revenue for the city, creating a fruitless chaos.

Traffic

As we navigate the topic of traffic, it becomes clear that tourists interfere with the daily activities of Italians citizens, keeping them from commuting to work or making their way around the city. This large scale quantity of voyagers is extremely alarming when it comes to the well being of locals and the maintenance of the city.

Etiquette

In terms of etiquette, it is well known that the vacationers lack etiquette and respect when visiting the marvels of Italy. Walking without any clothes, sitting on the stairs, laying on the ground, vandalising properties, disrespecting cultural and religious traditions of the destination are some of the latest attitudes and patterns observed on the globetrotters.

Recommendations for improvement

In view of these latest matters, it is safe to assume that the soundest course of action would be to guarantee a safe, amusing journey for the holiday makers, and at the same time provide a secure and lucrative experience for the locals. Bearing that in mind, we propose the introduction of bans, controls and fees, as well as an ordinance prohibiting the visitation of determined areas. Also, we suggest the forbiddance of walking barefoot, in a bikini, topless or naked. The introduction of an entrance fee for visitors and the implementation of a strict regulation of the access to beaches and canals is also recommended.

Conclusion

In conclusion, our aim is not to discourage voyagers from going to the popular Italian destinations, but to suggest norms of behaviour to establish a healthy relationship between locals and tourists, causing no alarming or unpleasant circumstances for both.
