Cultural and Educational Exchanges between Rival Societies Chuing Prudence Chou, Jonathan Spangler, 2018-09-26 This book stimulates discussions on cultural and educational exchanges between rival states and societies raises awareness of the potential positive and negative impacts of such exchanges and serves as a basis for future research and program design Cultural and educational exchanges in various forms have existed for millennia Yet it was not until the unprecedented human devastation of two world wars catalyzed a sense of urgency around the world that a new era of cultural and educational exchange programs emerged as a means of easing tensions between rival states and societies This book is motivated by the need for critical research that can contribute to building a more comprehensive understanding of the issues at stake It begins with a historical overview of cultural and educational exchanges between rival societies an assessment of their positive and negative impacts and a review of some of the most prominent theories in relevant fields It then presents a diverse set of case studies in which authors consider not only the real or expected benefits of such exchanges but also the potentially negative impacts challenges faced along the way and broader effects on the rival societies at large The states and societies considered include North Korea and the West Bosnia and Herzegovina Israel and the Palestinian territories India and Pakistan China and

Taiwan Cuba and the US and China and the US Taken together the chapters demonstrate that exchanges have observable impacts on the individuals and institutions involved Moreover they reveal that exchanges have the capacity in some cases to affect broader social and political change at the family community society or state level but these impacts are indirect and typically require long term concerted efforts by those involved **Serving a Crucified King** Jesse Steven

Wheeler,2021-11-11 Serving a Crucified King speaks to a growing crisis within the contemporary church one of misplaced allegiance and misguided discipleship If Jesus Christ is who we claim him to be then we must ask ourselves Are we truly conducting our lives and constructing our communities in light of that astonishing reality But as long as the contemporary church continues to act in a manner so seemingly at odds with the mission and message of Jesus it remains in a state of emergency Albeit a serious charge solving this crisis is of the utmost importance if we are to live once again in faithful obedience to Jesus Christ as king The magnitude of the problem necessitates the establishment of a movement of kingdom citizens devoted to the cruciform reign of Christ and committed to a wholesale transformation in thinking and practice within the church To this end Serving a Crucified King is a clarion call back to the real work of being a disciple of Jesus in our society Expect to have your thinking challenged your heart moved and your action re oriented **Connections: A**

God love people Could evangelism really be that simple Often it doesn't seem so It can feel scary awkward and uncomfortable as we try to navigate loaded questions and different perspectives Even the most faithful of believers sometimes get stumped But can you imagine if we as Christians simply spent time with people who are far from God and provided a safe place to talk about spiritual matters If we listened to them and discovered what was really important to them After all it's what Jesus did And it's what you can do too Drawing straight from the life and ministry of Jesus The 9 Arts of Spiritual Conversations offers simple practices to help you build relationships with people who believe differently Anyone who has read and appreciated Becoming a Contagious Christian or Just Walk across the Room won't want to miss this book on creating a safe space to have natural loving and spiritual conversations with others Introduction to Christian Ethics Ellen Ott Marshall,2018-10-30 All Christians read the Bible differently pray differently value their traditions differently and give different weight to individual

and corporate judgment. These differences are the basis of conflict. The question Christian ethics must answer then is: What does the good life look like in the context of conflict? In this new introductory text, Ellen Ott Marshall uses the inevitable reality of difference to center and organize her exploration of the system of Christian morality. What can we learn from Jesus' creative use of conflict in situations that were especially attuned to questions of power? What does the image of God look like when we are trying to recognize the divine image within those with whom we are in conflict? How can we better explore and understand the complicated work of reconciliation and justice? This innovative approach to Christian ethics will benefit a new generation of students who wish to engage the perennial questions of what constitutes a faithful Christian life and a just society.
