The Cinema of Steven Spielberg Nigel Morris,2007-02-13 Cinema s most successful director is a commercial and cultural force demanding serious consideration Not just triumphant marketing this international popularity is partly a function of the movies themselves Polarised critical attitudes largely overlook this and evidence either unquestioning adulation or vilification often vitriolic for epitomising contemporary Hollywood Detailed textual analyses reveal that alongside conventional commercial appeal Spielberg s movies function consistently as a self reflexive commentary on cinema Rather than straightforwardly consumed realism or fantasy they invite divergent readings and self conscious spectatorship which contradict assumptions about their ideological tendencies Exercising powerful emotional appeal their ambiguities are profitably advantageous in maximising audiences and generating media attention

Lex Populi William P. MacNeil,2007 This is a book about jurisprudence or legal philosophy The legal philosophical texts under consideration are to say the least unorthodox Tolkien Buffy the Vampire Slayer Harry Potter Million Dollar Baby and other cultural products are

all referenced as exemplary instances of what the author calls *lex populi* people's or pop law There more than anywhere else will one find the leading issues of legal philosophy These issues however are heavily coded for few of these pop cultural texts announce themselves as expressly legal Nonetheless *Lex Populi* reads these texts jurisprudentially that is with an eye to their hidden legal philosophical meanings enabling connections such as Tolkien's *Ring* as Kelsen's *grundnorm* vampire slaying as legal language's semiosis Hogwarts as substantively unjust and a seriously injured young woman as termination's rights bearer In so doing *Lex Populi* attempts not only a jurisprudential reading of popular culture but a popular rereading of jurisprudence removing it from the legal experts in order to restore it to the public at large a *lex populi* by and for the people

Who Wrote That Movie? Chris Wehner, 2003 Before the director or actors can work their magic onscreen a writer often working alone faces the blank page and must be the first to create the magic Yet the writer is usually ignored by critics eager to give credit to the director or sometimes an actor Not only that the original vision of the screenwriter rarely makes it to the screen intact Imagine if your favorite movie could have even been better had that image conscious actress not demanded changes to the script The screenplays and movies discussed include *A Beautiful Mind* *Adaptation* *Almost Famous* *Ararat* *Black Hawk Down* *Blade 2* *Cast Away* *Catch Me if You Can* *City by the Sea* *The Cell* *Dancer in the Dark* *Far From Heaven* *Frailty* *The Gift* *Gladiator* *John Q* *Insomnia* *In the Bedroom* *Memento* *MIB2* *Minority Report* *Monster's Ball* *Ocean's Eleven* *Panic Room* *Pay it Forward* *Pearl Harbor* *Proof of Life* *Road to Perdition* *Signs* *Spy Game* *We Were Soldiers* *Windtalkers* *Traffic* *Unbreakable*

Contemporary Masculinities in Fiction, Film and Television Brian Baker, 2015-01-29 While masculinity has been an increasingly visible field of study within several disciplines sociology literary studies cultural studies film and tv over the last two decades it is surprising that analysis of contemporary representations of the first part of the century has yet to emerge Professor Brian Baker evolving from his previous work *Masculinities in Fiction and Film Representing Men in Popular Genres 1945-2000* intervenes to rectify the scholarship in the field to produce a wide ranging readable text that deals with films and other texts produced since the year 2000 Focusing on representations of masculinity in cinema popular fiction and television from the period 2000-2010 he argues that dominant forms of masculinity in Britain and the United States have become increasingly informed by anxiety trauma and loss and this has resulted in both narratives that reflect that trauma and others which attempt to return to a more complete and heroic form of masculinity While focusing on a range of popular genres such as Bond films war movies science fiction and the Gothic the work places close analyses of individual films and texts in their cultural and historical contexts arguing for the importance of these popular fictions in diagnosing how contemporary Britain and the United States understand themselves and their changing role in the world through the representation of men fully recognising the issues of race ethnicity class sexuality and age Baker draws upon current work in mobility studies and in the study of masculinities to produce the first book length comparative study of masculinity in popular culture of the first decade of the twenty first century
