Red Flag and Union Jack Paul Ward, 1998 It is generally assumed that the language of patriotism and national identity belongs to the political right but the emergence of socialism in the 1880s shows clearly that the left also drew on such ideas in its formative years to legitimate a particular form of socialism one presented as a restoration of an English past lost to industrial capitalism The First World War dealt a severe blow to this radical patriotism though the anti war left continued to use radical patriotic language in the early years the war degraded patriotism generally while the Russian Revolution gave internationalism a new focus and also threatened the dominant concept of British socialism Moderate Labour sought to prove their fitness to govern and concentrated on the national interest rather than oppositional Englishness while the left of the movement looked to Soviet Russia rather than the English past for models for a future socialist society PAUL WARD is lecturer in Modern British History at Royal Holloway University of London and Visiting Lecturer at the University of Westminster **Was the Red Flag Flying There? Marxist Politics and the Arab-Israeli Conflict in Egypt and Israel 1948-1965** Joel Beinin, 1990-10-22 Illuminating The entire field of modern Middle Eastern Studies still has remarkably little

closely researched social history of this sort Beinins study adds to the work recently published by revisionist Israeli historians debunking the dominant view of the origin and early history of the Palestine conflict and extending the revision into the 1950s and early 1960s His explanation of the different political paths that were taken turned back from and lost sight of is an important indeed vital contribution to contemporary scholarly and political understanding Timothy Mitchell New York University

Queen of the Red Flags Gaurav Garg, She was born with nothing a girl named Shil Xiang Gu sold into the perfumed slavery of a Canton flower boat In a world that saw her as property she learned to see the powerful men who visited her as assets She collected their careless whispers and guarded their darkest secrets understanding that true power was not a thing of swords and armies but of knowing your enemys deepest fears Her mind became her weapon and she waited for a chance to strike That chance came in the form of Zheng Yi the most powerful pirate lord on the South China coast He saw in her more than a beautiful woman he saw a strategic asset But when he tried to claim her he was met not with submission but with an audacious demand she would be his wife and partner an equal in command of his entire organization From that bargain Ching Shih was born She helped forge the legendary Red Flag Fleet a pirate confederation of over a thousand ships and tens of thousands of outlaws becoming the undisputed and feared Pirate Queen Her reign was one of brutal efficiency governed by her own Iron Code a set of laws that brought order to chaos and turned a rabble of pirates into a disciplined navy Her power grew so immense that it choked the trade of the Qing Dynasty and challenged the authority of the Emperor himself Humiliated the empire sent its finest fleets and then enlisted the aid of powerful Western navies to destroy her They cornered her betrayed her and left her with nothing They thought they had finally won They were wrong Based on an incredible true story from Chinese History Queen of the Red Flags is an epic tale of Naval Warfare political betrayal and the rise of a Strong Female Protagonist who became the most successful pirate in history It is a story that proves that in the great game of empires the most dangerous player is the one who has nothing left to lose
