Ebook: Essentials of Understanding Psychology

Feldman,2016-09-16 Ebook Essentials of Understanding Psychology

Forensic Mental Health Assessment Kirk

Heilbrun,David DeMatteo,Stephanie Brooks Holliday,Casey LaDuke,2014 Forensic mental health assessment FMHA

continues to develop and expand as a specialization Since the publication of the First Edition of Forensic Mental Health Assessment A Casebook over a decade ago there have been a number of significant changes in the applicable law ethics science and practice that have shaped the conceptual and empirical underpinnings of FMHA The Second Edition of Forensic Mental Health Assessment is thoroughly updated in light of the developments and changes in the field while still keeping the unique structure of presenting cases detailed reports and specific teaching points on a wide range of topics Unlike anything else in the literature it provides genuine although disguised case material so trainees as well as legal and mental health professionals can review how high quality forensic evaluation reports are written it features contributions from leading experts in forensic psychology and psychiatry providing samples of work in their particular areas of specialization and it discusses case material in the larger context of broad foundational principles and specific teaching points making it a valuable resource for teaching training and continuing education Now featuring 50 real world cases this new edition covers topics including criminal responsibility sexual offending risk evaluation federal sentencing capital sentencing capacity to consent to treatment personal injury harassment and discrimination guardianship juvenile commitment transfer and

decertification response style expert testimony evaluations in a military context and many more It will be invaluable for anyone involved in assessments for the courts including psychologists psychiatrists social workers and attorneys as well as for FMHA courses

Lubkin's Chronic Illness Pamala D. Larsen, 2014-11-07 Lubkin's Chronic Illness Ninth Edition is an essential text for nursing students who seek to understand the various aspects of chronic illness affecting both patients and families This is the only text of its kind that truly addresses not only the physical aspects but the important psychosocial issues that individuals and families deal with on a daily basis The text takes an application to practice based approach by covering impact issues interventions and outcomes The Ninth Edition has been heavily revised to include updated and expanded content on the illness experience health policy uncertainty and the advanced practice nurse in chronic illness Each chapter employs a theoretical approach to the concept followed by the impact or issues of the concept nursing interventions and potential outcomes Two new chapters focused on Loss and Spirituality have also been included New to the Ninth Edition Expanded personal and real life comments from the perspective of the caregiver

Bronchiectasis James Chalmers,Eva Polverino,Stefano Aliberti,2017-12-22 This book presents state of the art knowledge and practice in the rapidly developing field of bronchiectasis not due to cystic fibrosis The focus is especially on diagnosis and existing and emerging therapies but the book also covers a wide range of other key topics from pathophysiology histopathology and immunology through to pulmonary rehabilitation nursing care and management in primary care and pediatric settings While non cystic fibrosis bronchiectasis was formerly regarded as an orphan disease international data reveal an increase in its prevalence in recent years Accordingly there has been renewed interest in the disease resulting in more clinical research and the development of new treatments The impact of bronchiectasis on healthcare systems is substantial and it has a clear attributable mortality In covering all aspects of the disease this book will be of interest to respiratory internal medicine and infectious disease fellows as well as specialists final year medical students nurses and physiotherapists The authors are leading experts and chairs of the steering committee of EMBARC the first truly international bronchiectasis network

Cultural Competence in Applied Psychology Craig L. Frisby,William T. O'Donohue,2018-07-25 The first volume of its kind this provocative book evaluates the construct of cultural competence from multiple perspectives At the intersection of diverse disciplines and domains contributors argue for greater clarity in understanding the cultural competence construct a deeper level of analysis as to its multifaceted components and call for concrete practical objectives and science based means of measurement Serious nuanced discussion addresses challenges strengths and limitations of current cultural competence practice in terms of sociocultural concepts e g race ethnicity and practical concepts e g sensitivity in the therapeutic relationship treatment efficacy In addition contributors identify future directions for research training and practice with the potential to spur the further evolution of this clinically important construct This timely book Critiques the cultural competence construct and its evaluation as it is currently disseminated within applied psychology Compares and contrasts how cultural competence is defined within clinical school and counseling psychology Analyzes difficulties and challenges in understanding the cultural competence construct as evaluated through the lens of closely related fields outside of applied psychology Spotlights complexities in cultural competence issues pertaining to specific populations Sets out implications for education and training offering a detailed outline for an ideal college course in cultural competence With this level of reasoning and rigor Cultural Competence in Applied Psychology is sure to stimulate long overdue dialogue and debate among professionals across a wide

variety of fields such as clinical psychology social work child and social psychology psychotherapy school psychology and counseling **The Athenaeum** ,1846 Focused Leadership Roger E. Jones,2014-07-22 Building level and central office administrators must be both instructional and learning leaders Instructional leadership means focusing on teacher behaviors that support student learning and helping teachers make good decisions about their own behaviors in the classroom Learning leadership focuses on the learning itself how students absorb process and retain information This guide will assist administrators in their quest to be more effective at what they do this is meant not as a prescriptive document but rather a baseline from which to grow This guide provides information about the intricacies of the teaching and learning process and how these elements are linked Readers are encouraged to use the guide as a foundation as a starting point to expand their own instructional and learning leadership They should modify add to and personalize the guide as they challenge themselves to grow The guide encompasses many components all of which are important It should help administrators to know what to look for during an observation and perhaps even more important topics of conversations to have with teachers Transformational leadership begins with understanding teaching and learning as well as having the ability to generate quality conversations *Planning, Implementing and Evaluating Health Promotion Programs with Navigate Advantage Access* James F. McKenzie,Brad L Neiger,Rosemary Thackeray,2022-07-18 This book is written for students who are enrolled in their first professional course in health promotion program planning It is designed to help them understand and develop the skills necessary to carry out program planning regardless of the setting This book is unique among the health promotion planning textbooks on the market in that it provides readers with both theoretical and practical information YOUMARES 9 - The Oceans: Our Research, Our Future Simon Jungblut,Viola Liebich,Maya Bode-Dalby,2019-10-14 This open access book summarizes peer reviewed articles and the abstracts of oral and poster presentations given during the YOUMARES 9 conference which took place in Oldenburg Germany in September 2018 The aims of this book are to summarize state of the art knowledge in marine sciences and to inspire scientists of all career stages in the development of further research These conferences are organized by and for young marine researchers Qualified early career researchers who moderated topical sessions during the conference contributed literature reviews on specific topics within their research field
