Teaching Kids to Thrive Debbie Silver, Dedra Stafford, 2017-04-07 There's more to student success than standards and test scores. The modern view of student achievement focuses on high test scores, higher standards, and racing to the top. Thrive skills fit with new ESSA requirements to go beyond basic academic measurements in order to equip students for lifelong success. Debbie Silver and Dedra Stafford present a practical handbook that guides teachers and parents in fostering learners who are socially and emotionally healthy and prepared to undertake future challenges. Through practical examples, precise strategies, and specific tools, this book demonstrates how to empower learners in areas that include:

- Using mindfulness strategies to help students tap their inner strengths.
- Learning to self-regulate and control other executive brain functions.
- Developing growth mindsets along with perseverance and resilience.
- Cultivating a sense of responsibility, honesty, and integrity.
- Encouraging a capacity for empathy and gratitude.

Grounded in decades of psychological research, *Teaching Kids to Thrive* merges academic, social, and self skills to stimulate personal and school achievement.

Handbook for Education Professionals University of Bristol, School of Education, 2019-08-05 The guide is an essential resource for trainee teachers working towards the Teachers' Standards for qualified teacher status (QTS). It also helps newly qualified teachers (NQTs) and more experienced teachers have an understanding of and always act within the statutory frameworks which set out their professional duties and responsibilities. Teachers' Standards, Higher Level Teaching Assistants (HLTAs), and Teaching Assistants (TAs) working towards HLTA status will find the guide invaluable in developing knowledge of how other frameworks that support the development and well-being of children and young people impact upon their practice.
