

Superior Results!

Use the Scotts Turf Builder EdgeGuard Mini Broadcast Spreader to apply grass seed and fertilizer in spring, summer or fall. The smaller size spreader holds up to 5,000 sq. ft. of Scotts Lawn Care Products and is delivered ready to use and pre-calibrated; no assembly required.

Spreaders provide uniform coverage of granular products. Without one, you may end up with uneven coverage of fertilizer or control products that can result in uneven feeding, weed, disease, or insect control. Spreaders can also be used to spread grass seed in your lawn or to distribute ice melt on walkways and driveways.

See product labels for correct spreader settings, usage and application instructions.

Features

More Accurate Coverage

Precision rate settings control panel to ensure accurate coverage.

Easy to Treat Smaller Areas

Scotts smallest walk-behind spreader that holds up to 5,000 sq. ft. of Scotts Lawn Products.

Exclusive Scotts EdgeGuard Technology

When engaged it will block off right side of spreader pattern to prevent product from spreading onto non-lawns areas.

Selecting the right spreader

Choosing the right spreader for your project is key to ensuring success.

Select the spreader you need based on the area you will be treating. Broadcast spreaders throw product in a 180-degree swath, creating a wide coverage pattern while drop spreaders are more targeted. There are three basic types: Walk-behind, Hand-Held and Drop Spreaders.

Walk-behind Broadcast

Best for areas over 5,000 sq. ft.

Hand-Held Broadcast

Great to treat small areas under 5,000 sq. ft.

Drop Spreader

Perfect for medium-sized areas that need precise application (such as heavily landscaped areas or tight curves).

Scotts Deluxe Edgeguard Manual

Michal Rosen-Zvi

Scotts Deluxe Edgeguard Manual:

Modern Fencing Clovis Deladrier, 1954 *The Art of the Rapier* Ken Mondschein, 2020-05

The Art of the Rapier is a comprehensive manual intended to teach modern people how to fence in the style of the late sixteenth and seventeenth centuries. Profusely illustrated with both photographs and examples from period treatises, it is written for three main audiences: devotees of the Historical European Martial Arts (HEMA) movement, members of the Society for Creative Anachronism (SCA) and other medieval recreation groups, and coaches of the modern sport of fencing who are looking to expand their competencies. No prior experience is necessary. The Art of the Rapier draws from the works of Camillo Agrippa (1553), Salvator Fabris (1606), Nicoletto Giganti (1606 and 1608), and Ridolfo Capo Ferro (1610) to present their essential actions and teaches the movement skills to perform these actions from the ground up. It then builds the actions into period accurate tactical sequences and shows how to incorporate these concepts into actual bouts. The final chapters teach advanced skills such as grappling techniques, rapier and dagger, and coaching techniques. A translation of Albert Lacaze and George Dubois (1925) essay on sword and dagger completes the work. This is a book that not only presents the art of Renaissance fencing in a way that is accessible to modern people but also an entire philosophy and structure for reconstructing and teaching historical martial arts that will enable you to translate any historical fencing treatise from page to practice.

As recognized, adventure as well as experience about lesson, amusement, as capably as concord can be gotten by just checking out a ebook **Scotts Deluxe Edgeguard Manual** after that it is not directly done, you could assume even more as regards this life, in this area the world.

We offer you this proper as with ease as simple pretentiousness to acquire those all. We meet the expense of Scotts Deluxe Edgeguard Manual and numerous ebook collections from fictions to scientific research in any way. accompanied by them is this Scotts Deluxe Edgeguard Manual that can be your partner.
