Partie I, Livres, Documents Officiels, Publications en Série United Nations Library (Geneva, Switzerland), 1995 **Sri Lanka Customs, Trade Regulations and Procedures Handbook Volume 1 Strategic and Practical Information** IBP, Inc., 2013-08 2011 Updated Reprint Updated Annually Sri Lanka Customs Trade Regulations and Procedures Handbook The Asia-Pacific Trade Agreement Joong-Wan Cho, Rajan Sudesh Ratna, 2016 International trade and investment have enabled many countries in the Asia Pacific region to boost economic growth and have lifted millions out of poverty As the Asia Pacific region continues to thrive economically trade and investment barriers are being dissolved and eliminated As countries begin to depend on each other more trade policy is gradually becoming a useful measure to achieve inclusive and sustainable development Trade and investment are linked to the environment and social issues hence their impacts are also multi dimensional It has now been recognized that sustainable production and consumption are essential for sustainable development Countries realize that they are not able to approach global and regional problems on their own and require cooperation both at the level of government and business As a result the region has been active in concluding regional cooperation frameworks which routinely are centered on trade and investment In the meantime business has forged regional integration through the formation of regional value chains and production networks while governments have paved the way for the expansion of such production networks through the formation of regional trade agreements and economic partnerships Thus the Asia Pacific Trade Agreement APTA which is the oldest preferential trade agreement in the region with

a large consumer base can play an important role in filling this gap Given a slow progress in the multilateral negotiations in the WTO especially when the members have started questioning the utility of the negotiations after 15 years and a lack of consensus on how to move forward the regional trade agreements can play a vital role Even if they pose a challenge to the multilateralism selected liberalisation of trade and economy in present time can become a building block for future multilateral negotiations One of the reasons for the surge in these preferential trade agreements is to make binding commitments on WTO plus and WTO beyond issues While there are many agreements that exist in Asia and the Pacific there is no such attempt to consolidate them in one umbrella framework Understanding the benefits of the consolidation one such initiative was started by ESCAP a few years back The RECI initiative for market integration could well be facilitated by APTA however it cannot deliver unless it transforms itself in a new generation agreement Regional integration and cooperation are also important to meet the 2030 agenda for sustainable development Instead of wasting resources in discussing a new institutional framework it would be more effective to use the existing framework and for the Asia Pacific economies the APTA provides an existing institutional platform The cases discussed in this book prepare a ground for the future and it is expected that all the stakeholders member States of ESCAP private sector as well as researchers would benefit from this publication on APTA South South Regional Integration and Sustainable Development India-Nepal Cooperation Broadening Measures Jayanta Kumar Ray,1997 Papers presented at the India Nepal CBMs Workshop 1995 held at Calcutta India *Indo-Nepal Trade* Vijaya Katti,2001 Study on Indo Nepal economic relations from 1950 to 1998 *South Asia, 2010* Kant Kishore Bhargava,Sridhar K.
