Congress, 2002 **The Nation** ,1884 *The Great Divide* Jordan Cooper, 2015-08-27 Since the sixteenth century the Protestant tradition has been divided The Reformed and Lutheran reformations though both committed to the doctrine of the sinners justification by faith alone split over Zwingli and Luther s disagreement over the nature of the Lord s Supper Since that time the Reformed and Lutheran traditions have developed their own theological convictions and continue to disagree with one another It is incumbent upon students of the reformation in the Lutheran and Reformed traditions to come to an understanding of what these differences are and why they matter In *The Great Divide* A Lutheran Evaluation of Reformed Theology Jordan Cooper examines these differences from a Lutheran perspective While seeking to help both sides come to a more nuanced understanding of one another and writing in an irenic tone Cooper contends that these differences do still matter Throughout the work Cooper engages with Reformed writers both contemporary and old and demonstrates that the Lutheran tradition is more consistent with the teachings of Scripture than the Reformed **Gospel Grace** Mark W. Karlberg, 2003-09-18 This book sequel to Dr Karlberg s *Covenant Theology in Reformed Perspective* is written in the hope that an understanding of the dispute at Westminster Seminary will provide some insight into the origination and spread of false teaching in once orthodox centers of learning In this particular case as in most there is the exploitation of false notions and misformulations some of which are deeply imbedded within the theological tradition Such misconceptions can be the seeds for heresy the fruit of further development and maturation of erroneous teaching sometimes appearing in succeeding generations Alongside the doctrinal substance of the current dispute are the machinations of once respected teachers in the Reformed churches *Reforming the Christian Faith* Mark W. Karlberg, 2017-10-12 Central to the mission of the church with each passing generation is the elucidation of the gospel of Christ which is the heart of the Christian message Witness to God s saving word in Scripture comes in response to discussions and debates arising over the course of church history Our study highlights some of the unity and disunity found within the Reformed tradition Reformation and modern Beginning with the subject of the development of doctrine over the course of church history we take up the foundational issue of biblical hermeneutics the question of how we are to interpret the Bible The year 2017 marks the Protestant Church s 500th anniversary October 31 We consider secondly Protestantism s two leading theological principles the formal the doctrine of Scripture and the material the doctrine of justification by faith alone In the final section we critique departures from the teaching of historic federalism found within contemporary Reformed orthodoxy which strikes at the very heart of what it means to be Reformed in theology Crucial in this long standing and ongoing dispute is the interpretation of the Mosaic Covenant as in some sense a republication of the original Covenant of Works with Adam at creation Covenant and

justification are the focal doctrines under study
