INTRODUCTION There comes a time when the elastic snaps When you push yourself to breaking point and everything crashes down My breaking point came on a gloomy Monday morning commute in 2015 Sitting in my car waiting for the lights to change I looked at two guys in their cars on either side of me They looked as miserable as I felt At that moment I burst into tears What the fuck was I doing with my life I was unhappy in my personal life and hated my job I couldn t see a way out I was too invested in my career too old to start again Looking back I didn t know jack shit about building a fitness business Corporate marketing is one thing Doing everything from scratch alone in a different industry is another I didn t have a creative agency or a multimillion pound budget All I had was a Personal Trainer certificate and the ironparadisefitness com domain name Nevertheless I started building my online empire Or as I now refer to it pissing in the wind for two years I would write lousy articles post selfies and wonder why clients weren t beating down my virtual door Desperate to carve a way out of corporate life I vowed not to quit My business was my obsession Going out meeting friends and taking a break were a rarity I thought it was the only way to be successful I became a hermit A recluse Like the creepy guy kids fear in horror movies That s Old Man Mitchell from No 29 He never leaves the house Some say he only goes outside to dispose of the dead bodies I wasn t that bad but my social life went on ice I studied nutrition and learned the intricacies of exercise mechanics I read books and invested in courses on social media copywriting and web design Iron Paradise Fitness had consumed my entire life and I loved it It was the fire in my belly I d been missing The passion I needed Although it did make for awkward conversations on Tinder dates What do you like to do in your spare time The innocent question would come Well I m building my own business right now so that s my main focus Ah cool But what do you like to do for fun Work on my business Yeah but what about when you re not doing that I m either working on my business thinking about working on my business or eating Oh

marketing programs has never been as popular before as it is today Why There can be a number of reasons Today both the merchants and the affiliates can see clearly that affiliate marketing can work for both of them The merchant sees affiliate marketing today as the chance to advertise their products at a lower cost The affiliates on the other hand sees affiliate marketing as an easy way of earning profits online by doing what they like most and that is by creating websites Just as the popularity of affiliate marketing has shifted into greater heights so has the people s outlook about it changed No longer is affiliate marketing considered today as an alternative method for the merchant to advertise his products or as a source of additional income for the affiliates For merchants and affiliates alike affiliate marketing is now considered as a main source of profits and revenues Instant Profits Guide On Affiliate Marketing Tips to Clickbank Success Venturing into the world of the Clickbank marketplace requires that we start from a fresh slate and not go in with any presumptions The two presumptions that seem to slow people up the most is that Clickbank is for internet guru types who know every trick of the trade of internet technology and marketing to be successful But Clickbank isn t a marketplace that requires that you have tremendous technical knowledge to use The designers of Clickbank have made most of the functions you need to operate either as a merchant or as an affiliate in the system fairly easy to use That is one of the keys to why Clickbank is so successful So to smooth your entrance into using Clickbank it pays to look at the inner workings of the gears of Clickbank to get a feel for what you should expect when you sign up and want to get going fast making money there Like a lot of successful online markets Clickbank doesn t make anything and it doesn t sell anything The value Clickbank adds to the world of internet commerce is that it provides a place for vendors of digital products can place their goods for sale and for people skilled in marketing to take those products and sell them to a large internet community Clickbank has cashed in on two basic principles which are 1 people who make things don t like to do marketing and 2 people who love to do marketing don t like to make things By getting these two groups together merchants affiliates and Clickbank all take away a nice profit because each makes the other successful Clickbank then at its core is a clearing house that works as a meeting ground for merchants affiliates and customers who can order the product pay for it and download it or receive it by some other digital delivery system Clickbank also offers real value to both merchants and affiliates because they handle all of the financial details and take a lot of the administrative work off of its members **Entrepreneurial Development** S S Khanka, 2006 This book is useful for B Com M Com and MBA students of all Indian Universities Presentation of various aspects of entrepreneurship is the most salient features of this book Clarity of all topics has been given throughout Description of the most difficult topics in a simple and easy to follow style has been the authors main attempt At the end of the each chapter Assessment Questions are
