**Osler, Audrey, Starkey, Hugh**

## **Roles Rights And Responsibilities In Uk Education Tensions And Inequalities:**

**Roles, Rights, and Responsibilities in UK Education** H. McQueen, 2014-12-04 Top scholars systematically explore roles rights and responsibilities of major participants in UK education the government the educators the learners and the parents They investigate the inequalities produced by their current arrangement and look into how changing these arrangements might lead to different outcomes for all involved

**Emotional Labour and Lesson Observation** Ursula Edgington, 2016-11-21 This book presents research on emotion work and the emotional labour of teaching and learning based in England s further education sector where an increasing emphasis on marketised systems means accountability and audit cultures have become embedded within everyday teaching practice Uniquely this book explores micro level issues of the managerial policies relating to classroom lesson observations as well as the profoundly emotional philosophical aspects of these situations which research asserts cause stress and anxiety for many staff Drawing on theoretical psychosocial concepts exploring the interplay of hidden or underground micro and macro elements of teaching and learning contexts the book illuminates how the presence of an observer fundamentally alters the dynamics of a classroom The author argues that it is not necessarily the performativity that creates the stress and anxiety in an observation but the individual s perception of this performativity and how it relates to a wider consideration of their emotional labour in the classroom For this reason the book puts forward a case for ending the formal graded method of lesson observations in favour of a developmental holistic approach that is sensitive to the emotional nuances of the individuals involved as well as the social and historical contexts of the institutions in which they are situated The diverse use of lesson observations as a tool for staff development and quality assurance policies make this a valuable resource for educational researchers policy makers teachers and managers from many different sectors and backgrounds

Parental Involvement Across European Education Systems Angelika Paseka, Delma Byrne, 2019-09-12 This book addresses central questions regarding parental involvement across European educational systems exploring the commonalities and differences across European countries and the extent to which current policy and practice pertaining to parental involvement is inclusive of diversity Adopting an interdisciplinary approach that draws from the fields of education sociology and psychology it presents a description of the policy context and empirical research on critical perspectives relating to parental involvement Comprising a rich varied cross section of national experiences from eleven European countries and the contexts surrounding them case studies provide insights into parental involvement across Europe and identify challenges in the field This volume s in depth approach and comprehensive interrogation of parental involvement across European education systems make it an ideal resource for parents teachers and academics researchers and post graduate students in the fields of education policy and comparative education as well as teacher educators and policy makers

Changing Citizenship Osler, Audrey, Starkey, Hugh, 2005-04-01 Changing Citizenship supports educators in understanding the links between global change and the everyday realities of teachers and

learners It explores the role that schools can play in creating a new vision of citizenship for multicultural democracies

Free Speech in Contention Elizabeth-Jane Peatfield,2025-09-26 This short book examines the dynamic and complex nature of free speech with reference to criminal law It explores its historical roots its role as a cornerstone of democracy and its contemporary challenges Free speech is not merely a legal right but a social and cultural tool that fosters democracy innovation and cultural progress However as society evolves so too do the questions surrounding its boundaries and ethical implications This book combines scholarly rigor with accessible writing and a measured approach to engage readers and students across disciplines and ideologies It seeks to understand what free speech means and where its limits lie By incorporating real world examples such as the debates around J K Rowling s comments on gender or the misinformation campaigns during the Brexit referendum the book delves into the tension between free expression and the challenges of misinformation hate speech and cultural censorship It addresses free speech not as an abstract principle but as a living breathing mechanism shaping democracy innovation and cultural understanding Its scope encompasses legal ethical political and cultural dimensions offering a comprehensive yet nuanced exploration of free speech s evolving landscape The chapters lend themselves well to classroom reading and include recommendations at the end of each chapter

Higher Education in Ireland Andrew Loxley,Aidan Seery,John Walsh,2014-03-19 This collection provides the first in depth interdisciplinary and over arching review of higher education in Ireland situating higher education within the socio cultural political and historical context of the country over the past 40 years and the development of European and national policies

The SAGE Handbook of Research in International Education Mary Hayden,Jeff Thompson,Jack Levy,2007-01-03 The editors of the SAGE Handbook of Research in International Education have brought together an impressive array of scholars whose cutting edge research addresses the growing field of international education from the experiences of K 12 schools around the world to the field of teacher education This book raises important questions and should be read by a broad audience Kenneth Cushner Executive Director of International Affairs and Professor of Education Kent State University The editors of this admirable handbook have set out to produce a report on international education Their consummate success in doing so gives those of us working in the field a new and invaluable resource The editors may be academics but this is a book largely written by about and for those whose job it is to teach internationally No one working in international education will fail to be provoked challenged or inspired by the compelling arguments advanced within this authoritative volume Peter MacKenzie Principal Hiroshima International School The book is well organized in carefully integrated sections and chapters and the references alone are a valuable bibliographical tool An indispensable work highly recommended for education reference collections and the libraries of individual researchers J B Thomas Emeritus Professor of Educational Studies Loughborough University Interest in the field of international education has never been more intense than at present There are a rapidly increasing number of schools worldwide set up specifically to meet the demands of those parents who through their own professional

activities wish to have their sons and daughters educated in schools that offer programmes based on international values. Such schools have embraced the promotion of international education as one of their major goals and consequently an increasing number of organisations currently offer curricula that claim to be international in nature. Such global movements have created a parallel increase in the incorporation of forms of international education within national school systems throughout the world. This has resulted in wider forms of collaboration between schools in the public and private sectors nationally and internationally generating a much more substantial base of professional experience in the implementation of schemes for international education than had previously existed. This book analyses the origins, contributions and interpretations of international education. The authors identify approaches to research that will progress our knowledge and understanding of the field and extend and even redraw it on the basis of the research evidence presented. Content includes: A historical overview of the ways in which the term international education has been interpreted; The theoretical interpretation of international education in its current context; International education in practice: exploration of the issues in terms of students, curricula, pedagogies and organising formal institutions; Conceptual challenges for international education in the future. This handbook is an essential resource for those who are involved in the practice and academic study of international education. It will be of particular interest to researchers and teachers in universities, governmental and private curriculum development agencies, examination authorities, administrators and teachers in schools. This volume is another valuable SAGE contribution to the expanding literature on international education. Not all handbooks are described as essential reading but this one will be and will become an indispensable work of reference, highly recommended for education libraries, both academic and governmental, and for the bookshelves of individual researchers and all involved in international education. The three editors and their fellow authors can take a collective pride in having given us an excellent volume which very successfully completes a chronological and theoretical journey through the issues, practices and future questions presented by international research and practice in international education.

*Journal of Research in International Education*     Equality, Inequalities and Diversity Geraldine Healy, Gill Kirton, Mike Noon, 2010-11-10. *Equality, Inequalities and Diversity* offers an authoritative critical analysis of equality, inequality and diversity in organizations. Using international examples, it explores contemporary concepts and debates based on original research in a number of fields and sectors, an ideal course companion for anyone studying diversity.

*Learning Disability Policy and Practice* Valerie Williams, 2017-09-16. Highlighting examples of positive evidence-based practice throughout, this book explores working with people with learning disabilities at all life stages. With contributions from people with learning disabilities and their families, its person-centred approach illustrates how policy can be translated into practice with life-changing consequences.

*Rights, Risks and Responsibilities* Georgina Koubel, Hilary Bungay, 2012-03-12. Taking an interprofessional focus to reflect modern practice, this book introduces the complexity of balancing rights and risks. It helps readers to understand and evaluate their own values, knowledge and power.

in order to provide safer more effective care for those they work with including vulnerable adults and children

Introduction to Comparative and International Education Jennifer Marshall, 2019-03-30 This book introduces major themes surrounding comparative and international education giving you a nuanced understanding of key debates and thinkers and the tools necessary to conduct comparisons using secondary sources Social economic historical and cultural factors are examined in order to investigate the varied contexts in which education takes place around the globe Fully updated throughout this second edition includes A new Key concepts feature explaining essential ideas and principles Additional case studies from non Western education systems Updated statistical data highlighting educational and demographic trends This is essential reading for students on undergraduate Education Studies degrees and for similar courses covering comparative and international education Jennifer Marshall is Senior Lecturer in Education at the University of Derby

Equality in the Secondary School Mike Cole, 2009-10-22 Drawing on a wealth of knowledge from a diverse group of contributors this volume addresses the importance of going beyond equal opportunities The contributors provide a compelling argument for promoting equality in secondary schools Issues covered include social class race gender sexual orientation disability and special educational needs with reference to all subjects taught at secondary school level

Disability, Human Rights and Education Felicity Armstrong, Len Barton, 1999-10-16 This book recognizes the importance of an informed cross cultural understanding of the policies and practices of different societies within the field of disability human rights and education It represents an attempt to critically engage with issues arising from the historical and contemporary domination of portrayals of the western as advanced democratic and exemplary in contrast to the construction of the rest of the world as backward primitive and inferior in these fundamental areas How human rights are understood in different contexts is a key theme in this book Importantly some contributors raise questions about the value of a human rights model across all societies Other contributors see the struggle for human rights as at the heart of the struggle for an inclusive society The implications for education arising from this debate are identified and a series of questions are raised by each author for further reflection and discussion as well as providing a stimulus for developing future research Disability Human Rights and Education is recommended reading for students and researchers interested in Disability Studies inclusive education and social policy It is also directly relevant to professionals and policy makers in the field seeking a greater understanding of cross cultural perspectives

*Decolonising Lifelong Learning in the Age of Transnational Migration* Shibao Guo, Srabani Maitra, 2020-07-29 *Decolonising Lifelong Learning in the Age of Transnational Migration* examines how colonialism has shaped migration and migrants transnational learning experiences With the development of modern transportation and advanced communication technologies migration has shifted from international to transnational characterised by the multiple and circular migration across transnational spaces of migrants who maintain close contact with their country of origin The book interrogates the colonial assumptions and Eurocentric tendencies influencing the current

ideological moorings of lifelong learning theories policies and practices in the age of transnational migration It calls for an approach to lifelong learning that aims to decolonise the ideological underpinnings of colonial relations of rule especially in terms of its racialised privileging of whiteness and Eurocentrism as normative processes of knowledge accumulation This volume cover a wide range of topics including Theorising decolonisation in lifelong learning and transnational migration Decolonising racism sexism and settler colonialism Decolonising knowledge production and recognition Decolonising the life course Decolonising lifelong learning policies Decolonising pedagogic and curricular approaches to lifelong learning Overall the chapters represent the collective efforts of the contributors in attempting to decolonise lifelong learning in the age of transnational migration This book was originally published as a special issue of the International Journal of Lifelong Education

**Rethinking Education for Social Cohesion** M. Shuayb,2012-11-20 This book addresses current debates in the field of social cohesion It examines the ethics and policy making of social cohesion and explores various means for promoting social cohesion including history education citizenship education language human rights based teacher training and school partnerships

**Post-Tsunami Reconstruction in Indonesia** Marjaana Jauhola,2013-06-26 This book offers a critical analysis of gender mainstreaming initiatives in the post tsunami context in Indonesia Aiming to challenge the terms of the debate in gender mainstreaming and disaster reconstruction efforts Jauhola offers an important contribution for the discussion of what feminisms and disasters could be The work provides an in depth analysis of three governmental practices of gender mainstreaming the use of the concept pair sex gender the use of gender analysis and the use of project management tools and local subversion that challenges the potential normative violence of gender mainstreaming Providing feminist intersectional reading of gender mainstreaming the book aims to illustrate that this framework does not lack political alternatives but rather it offers an alternative focus for feminism and for the re conceptualisation of political and provides tools for practitioners of aid aiming to come to grips with the complexity of gender equality policy agenda and its potential violent social consequences in global politics Drawing on extensive field research in Aceh this text is one of the first book length studies and thus provides a significant addition to Indonesian literatures on intersectional analysis of gender religion heteronormativity and feminist subversive practice It is a vital resource for those interested in understanding global interconnections of localised disaster and conflict reconstruction

Education Policy Les Bell,Howard Stevenson,2006-09-27 The study of educational leadership makes little sense unless it is in relation to who the leaders are how they are leading what is being led and with what effect Based on the premise that learning is at the heart of leadership and that leaders themselves should be learners the Leadership for Learning series explores the connections between educational leadership policy curriculum human resources and accountability Each book in the series approaches its subject matter through a three fold structure of process themes and impact Series Editors Clive Dimmock Mark Brundrett and Les Bell As global pressures focus increasing attention on the outcomes of education policy and on their implications for

economic prosperity and social citizenship the experience of each individual learner is decisively shaped by the wider policy environment However there is often an underdeveloped understanding of how education policy is formed what drives it and how it impacts on schools and colleges This book explicitly makes these connections and links them to the wider challenges of educational leadership in a modern context Education Policy is divided into three sections which examine the development of policy at the levels of the nation state and individual institutions the forces that shape policies with emphasis on human capital theory citizenship and social justice and accountability research based case studies highlighting the application of policy in a range of situations The book provides a valuable resource for students practitioners middle managers and educational leaders in all sectors both in the UK and internationally who are engaged on masters and doctoral degrees or undertaking leadership training and preparation programmes *Public Policies in Shared Societies* M. Fitzduff, 2013-10-17

Communities throughout the world are increasingly diverse in their racial ethnic and religious make up Using examples drawn from over 50 countries in a variety of fields from economics to education this book explores how governmental economic and social institutions are adapting their policies to create more cohesive and peaceful societies **Third**

**International Handbook of Globalisation, Education and Policy Research** Joseph Zajda, 2021-09-17 This handbook presents a global overview of current research in education and education policy reforms during the last decade It provides an accessible practical and comparative source of current research that examines the intersecting and diverse discourses of this important issue It first examines globalisation education and policy research and reforms in higher education including coverage of main trends in education and policy reforms globally as well as specific policy issues such as gender equity minorities and human rights Next the handbook offers a comparative perspective that evaluates the ambivalent and problematic relationship between globalisation the state and education reforms globally It features coverage on curricula issues and education reforms in schools around the world the curriculum in the global culture as well as globalisation and education futures with respect to social justice and human rights The handbook contributes to a better and a more holistic understanding of the education reforms and research nexus offering possible strategies for the effective and pragmatic policy planning and implementation at the local regional and national levels It will serve as a vital sourcebook of ideas for researchers practitioners and policy makers in education **Historicising the Women's Liberation Movement in the**

**Western World** Laurel Forster, Sue Bruley, 2019-07-09 The Women's Liberation Movement WLM of the late 1960s 1970s and 1980s emerged out of a particular set of economic and social circumstances in which women were unequally treated in the home the workplace and in culture and wider society As part of the WLM women collected together in disparate groups and contexts to express their dissatisfaction with their role and position in society making their concerns apparent through consciousness raising and activism This important time in women's history is revisited in this collection which looks afresh at the diversity of the movement and the ways in which feminism of the time might be reconsidered and historicised The

contributions here cover a range of important issues including feminist art local activism class distinction racial politics perceptions of motherhood girls education feminist print cultures the recovery of feminist histories and feminist heritage and they span personal and political concerns in Britain Canada and the United States Each contributor considers the impact of the WLM in a different context reflecting the variety of issues faced by women and helping us to understand the problems of the second wave This book broadens our understanding of the impact and the implication of the WLM explores the dynamism of women s activism and radicalism and acknowledges the significance of this movement to ongoing contemporary feminisms The chapters in this book were originally published as a special issue of Women s History Review

Thank you enormously much for downloading **Roles Rights And Responsibilities In Uk Education Tensions And Inequalities**.
