Teger, 2012-06-11 This book presents a curricular framework for students grades 6-12 that school librarians and teachers can use collaboratively to enhance reading skill development, promote literature appreciation and motivate young people to incorporate reading into their lives beyond the required schoolwork. *Supporting Reading Grades 6-12: A Guide* addresses head-on the disturbing trend of declining leisure reading among students and demonstrates how school librarians can contribute to the development of lifelong reading habits as well as improve students' motivation and test scores. The book provides a comprehensive framework for achieving this: the READS curriculum, which stands for Read as a personal activity, Explore characteristics, history, and awards of creative works; Analyze structure and aesthetic features of creative works; Develop a literary-based product; and Score reading progress. Each of these five components is explained thoroughly, describing how school librarians can encourage students to read as individuals, in groups, and as school communities; support classroom teachers' instruction; and connect students to today's constantly evolving technologies. Used in combination with an inquiry/information skills model, the READS curriculum enables school librarians to deliver a dynamic, balanced library program that addresses AASL's Standards for the 21st Century Learner.

The Comprehension Toolkit Stephanie Harvey, Anne Goudvis, 2005 Grades 3-6 Active literacy is the means to deeper understanding and diverse, flexible thinking and is the hallmark of our approach to teaching and learning. Professional Support: A series of resources introduce, support, and extend the Toolkit's core lessons. The Teacher's Guide outlines the thinking behind the Toolkit and describes its components, instructional design, and assessment options. The Resources for *The Comprehension Toolkit* CD-ROM provides an array of print and video resources, including a photographic overview of an Active Literacy Classroom, downloadable research articles, templates, assessment masters, and full-color lesson text. *Extend and Investigate* helps you extend the Toolkit's comprehension strategies across the curriculum and throughout the year.
