Fear Itself Ira Katznelson, 2013-02-25 A powerful argument swept along by Katznelson's robust prose and the imposing scholarship that lies behind it Kevin Boyle New York Times Book Review A work that deeply reconceptualizes the New Deal and raises countless provocative questions David Kennedy Fear Itself changes the ground rules for our understanding of this pivotal era in American history Ira Katznelson examines the New Deal through the lens of a pervasive almost existential fear that gripped a world defined by the collapse of capitalism and the rise of competing dictatorships as well as a fear created by the ruinous racial divisions in American society Katznelson argues that American democracy was both saved and distorted by a Faustian collaboration that guarded racial segregation as it built a new national state to manage capitalism and assert global power Fear Itself charts the creation of the modern American state and how a belief in the common good gave way to a central government dominated by interest group politics and obsessed with national security Louis Menand The New Yorker **American Foreign Policy** Glenn P. Hastedt, 2023-02-06 World affairs are constantly in flux so students need to be prepared not just to know what's happening in the headlines but how to make sense of those events Hastedt's American Foreign Policy helps students develop the critical thinking skills needed to participate in debates about foreign relations today and throughout their lives Rather than focus on normative questions about what direction the country should take on

Supplement to The Congressional Globe Andrew Johnson,1868 *Appletons' Annual Cyclopedia and Register of Important Events* ,1886 *Congressional Record* United States. Congress,1979 Fire Alarm Bradley F. Podliska,2022-12-13 Fire Alarm The Investigation of the U S House Select Committee on Benghazi is a study of legislative executive friction partisanship and Congress s attempt to recount events surrounding the September 11 2012 terrorist attack in Benghazi Libya that killed four Americans Using publicly available sources Bradley F Podliska details the history of congressional investigations arguing that both Republicans and Democrats use taxpayer funded investigations as an arena to mount political attacks for electoral advantage regardless of the consequences He traces the events of September 11 2012 and applies a new partisan model to frame the role of Speakers of the House John Boehner and Paul Ryan in investigating the Obama administration s attack response and post attack narrative Employing qualitative and quantitative methods to analyze the divisive investigation Podliska finds Speaker Boehner s selection of party loyalists for the committee placement of vetted staff in crucial investigative assignments to ensure execution of party strategy and over emphasis on former Secretary of State and presidential candidate Hillary Clinton minimized the examination of White House Department of Defense and Intelligence Community responses As a result the investigation failed to determine responsibility for U S policy in Libya an accurate post attack narrative and why the military did not perform a timely rescue

Making Civil Rights Law Mark V. Tushnet,1994-02-24 From the 1930s to the early 1960s civil rights law was made primarily through constitutional litigation Before Rosa Parks could ignite a Montgomery Bus Boycott the Supreme Court had to strike down the Alabama law which made segregated bus service required by law before

Martin Luther King could march on Selma to register voters the Supreme Court had to find unconstitutional the Southern Democratic Party's exclusion of African Americans and before the March on Washington and the Civil Rights Act of 1964 the Supreme Court had to strike down the laws allowing for the segregation of public graduate schools colleges high schools and grade schools Making Civil Rights Law provides a chronological narrative history of the legal struggle led by Thurgood Marshall and the NAACP Legal Defense Fund that preceded the political battles for civil rights Drawing on interviews with Thurgood Marshall and other NAACP lawyers as well as new information about the private deliberations of the Supreme Court Tushnet tells the dramatic story of how the NAACP Legal Defense Fund led the Court to use the Constitution as an instrument of liberty and justice for all African Americans He also offers new insights into how the justices argued among themselves about the historic changes they were to make in American society Making Civil Rights Law provides an overall picture of the forces involved in civil rights litigation bringing clarity to the legal reasoning that animated this Constitutional revolution and showing how the slow development of doctrine and precedent reflected the overall legal strategy of Thurgood Marshall and the NAACP *Appleton's Annual Cyclopaedia and Register of Important Events of the Years* ,1877
