Public Finance Subra Ramamurthy, 2015-01-07 Public Finance How to fix weak financial governance and obsolete systems This book begins with the current fiscal situation in euro zone countries such as Greece and Spain who emboldened by the currency integration adopted the policy of borrowing in euro that was available at low interest rates and fueled their public spending For a while they enjoyed a rising level of prosperity at the cost of burgeoning public debt This resulted in the erosion of productivity in these countries making their exports uncompetitive poor financial governance and lax surveillance of tax collections Although the Maastricht Treaty creating the euro zone laid down strict norms for fiscal deficit and public debt in relation to GDP for the member countries these were circumvented by creative fiscal accounting practices and underlying obsolete systems that understated their real levels When the truth was discovered there was a near implosion in the euro area requiring collective bail out measures by Germany and others to save it from collapse Failure to adopt high fiscal management system standards that allowed such misleading practices is not uncommon in other regions such as transition economies and developing countries Fiscal policies may vary across countries but countries should reform their fiscal management systems adopting international standards The book sets out the common contours of these reforms The author shares his knowledge and forty years of international experience with countries planning to improve their fiscal management systems *Pursuing Financial Reforms Across Countries: Perils, Stresses and Rewards* Subra

Ramamurthy, 2019-02-12 Government fiscal management systems have in the last few decades been evolving towards achieving greater transparency in government operations and accountability to international investors and the public while delivering sustainable medium term economic policies Many countries slow to change were under pressure from international financial organizations to quickly adopt new standards Implementation of reforms involved re engineering of underlying processes and use of advanced information technology and communication tools often requiring external expertise and financing Subra Ramamurthy an international specialist in this field has worked in approximately 25 countries These range from Tanzania to Papua New Guinea to countries transitioning to market economies like Kazakhstan and Russia as well as the tumultuous Middle East including Iraq and Palestine Setting aside fuzzy diplomatic speak of international organizations this finance management specialist provides a frank disclosure of challenges faced whilst bringing about reform in countries of diverse cultures historical legacies and civil service mindset He and his family faced stress and dangerous situations as his efforts discovered large scale misappropriation of government funds and unauthorized diversions However he believes these were balanced by the personal satisfaction of preparing reform roadmaps and witnessing their full implementation using the latest technology Analytical and informative this book is a frank expert account on the minefield of troubled economies Peppered with personal anecdotes it provides an insight into the successful achievement of fiscal system reforms **The Indian National Bibliography**, 2018 Public Finance, 31th Edition H L Bhatia, Public Finance
