Roman and European Mythologies Yves Bonnefoy, 1992-11-15 Collection of ninety five articles on Roman and European mythologies reproduced in full with illustrations from the two volume Mythologies Time and Antiquity in American Empire Mark Storey, 2021 This cultural history of the American empire via ancient Rome tracks the way writers and artists have imagined Roman antiquity as an analogy that variously bolsters and critiques American imperial power **The Whole Story** John E. Simkin, 1996 This work is the only comprehensive guide to sequels in English with over 84 000 works by 12 500 authors in 17 000 sequences *John Fletcher's Rome* Domenico Lovascio, 2022-03-22 John Fletcher's Rome is the first book to explore John Fletcher's engagement with classical antiquity Like Shakespeare and Jonson Fletcher wrote alone or in collaboration a number of Roman plays Bonduca Valentinian The False One and The Prophetess Unlike Shakespeare's or Jonson's however Fletcher's Roman plays have seldom been the subject of critical discussion Domenico Lovascio's ground breaking study examines these plays as a group for the first time thus identifying disorientation as the unifying principle of Fletcher's portrayal of imperial Rome John Fletcher's Rome argues that Fletcher's dramatization of ancient Rome exudes a sense of detachment and scepticism as to the authority of Roman models resulting from his irreverent approach to the classics The book sheds new light on Fletcher's intellectual life his vision of history and the interconnections between these plays and the rest of his canon *Style* Harriett Hawkins, 2005 The late Harriett Hawkins was a senior research fellow of Linacre College Oxford University and author of several influential works of Renaissance literary criticism and cultural studies such as *Likenesses of Truth in Elizabethan and Restoration Drama* *Poetic Freedom and Poetic Truth* *The Devil's Party* *Classics and Trash* *Traditions and Taboos in High Literature and Popular Modern Genres* and *Strange Attractors* *Literature Culture and Chaos Theory* Her friends family and colleagues pay tribute to her sense of style personal and literary with essays inspired by her own interdisciplinary interests and high scholarly standards Jacket Class List for English Prose Fiction Boston Public Library, 1877 **Lower hall. Josephus in Modern Jewish Culture Andrea Schatz, 2019-05-20 The contributions to this volume trace for the first time how the modern Jewish reception of Josephus the ancient historian who witnessed and described the destruction of the Second Temple took shape within different scholarly religious literary and political contexts across the Jewish world from Amsterdam to Berlin Vilna Breslau New York and Tel Aviv The chapters show how the vagaries of his tumultuous life spent between a small rebellious nation and the ruling circles of a vast empire between Jewish and non Jewish cultures and between political action and historical reflection have been re imagined by Jewish readers over the past three centuries in their attempts to make sense of their own times The project and this volume can encourage greater awareness of the complex origins of Josephus controversial reputation as a Jewish priest diplomat in Rome military leader of the first Jewish revolt against the Romans as an advocate for surrender to imperial forces as a witness to the Hurban as a citizen of Rome and as a historian Recommended highly for all Jewish and academic libraries David B Levy Touro College NYC in Association of Jewish Libraries News and Review 1 2 2019      *Classical Myth and Culture in the Cinema* Martin M. Winkler Professor of Classics George Mason University, 2001-05-29 Classical Myth and Culture in the Cinema is a collection of essays presenting a variety of approaches to films set in ancient Greece and Rome and to films that reflect archetypal features of classical literature The diversity of content and theoretical stances found in this volume will make it required reading for scholars and students interested in interdisciplinary approaches to text and image      *The Hutchinson Illustrated Encyclopedia of British History* Simon Hall, 2018-12-07 The Hutchinson Illustrated Encyclopedia of British History is a comprehensive and authoritative guide to the people events and ideas that have shaped Britain from prehistory to the present day The editors have also sought to convey the truth that history is more than simply a compilation of facts from the past The editors have included as much factual information as possible in each A Z entry and numerous tables and statistics are included as well as many specially created maps and plans The chronological relationships of past events and lives are conveyed through various detailed subject chronologies attached to the relevant A Z entries A large thematic chronology following the A Z text provides a visual reference to the relationship between the events of British Irish history and events elsewhere in the world And the cultural context of as many entries as possible has been brought to life via a wide range of illustrations which provide a wealth of visual detail and often a key to past conceptions Interspersed in the text are 21 specially commissioned extended feature articles from noted historians that provide the analysis and the sense of the broad sweep of history that would otherwise be impossible to convey in an A Z reference book      **The Re-Attribution of the British Renaissance Corpus** Anna Faktorovich, 2023-05-02 The first accurate quantitative re attribution of all central texts of the British Renaissance Describes and applies the first unbiased and accurate method of computational linguistics authorial attribution Covers 303 texts with 8 106 059 words 123 authorial bylines a range of genres and a timespan between 1510 and 1662 Includes helpful

diagrams that visually show the quantitative matches and the identical most frequent phrases between the texts in each linguistic signature group Detailed chronologies for each of the six ghostwriters and the bylines they wrote under including their dates of birth death publications and other biographical markers that explain why each of them was the only logical attribution A full bibliography of the 303 tested texts All of the raw and processed data not only in summary tables inside of the book but also in full on a publicly accessible website <https://github.com/faktorovich/Attribution> One table includes all of the data from the first edition title pages byline printer bookseller date proverbs and the first performance date troupe A table on structural elements across all Shakespeare bylined texts summarizes their plot movements character types settings slang usage primary sources and poetic design percentage of rhyme and hendiadys To explain why these are the first truly accurate re attributions numerous reasons for discrediting previous attribution claims are provided throughout Re Attribution of the British Renaissance Corpus describes a newly invented for this study computational linguistics authorial attribution method and applies it and several other approaches to the central texts of the British Renaissance All of the attribution steps are described precisely to give readers replicable instructions on how they can apply them to any text from any period that they are interested in determining an attribution for This method can be applied to solving criminal linguistic mysteries such as who wrote the Unabomber Manifesto or theological mysteries such as if any of the Dead Sea Scrolls might have been forged by a modern author This method is uniquely accurate because it uses 27 different quantitative tests that measure a text s dimensions and its similarity or divergence to other texts automatically without the statisticians being able to skew the outcome by altering the experiment s analytical design Re Attribution guides researchers not only on how to perform the basic calculations but also how to perform the biographical and documentary research to derive who among the potential bylines in a single signature group is the ghostwriter while the others are merely ghostwriter contractors or pseudonyms Reliable accuracy is achieved by also performing other types of attribution tests to check if these alternative approaches validate or contradict the 27 tests findings Non quantitative tests discussed include deciphering the hidden implications of contemporary pufferies as well as comparing structural elements such as characters plot and element borrowings Part II presents a revised version of the history of the birth of the theater in Britain by reviewing forensic accounting evidence in Philip Henslowe s Diary and the documented history of homicidal lending practices and government corruption connected with troupes and theaters Parts III VIII explain precisely how this series derived that the British Renaissance was ghostwritten by only six linguistic signatures Richard Verstegan Josuah Sylvester Gabriel Harvey Benjamin Jonson William Byrd and William Percy The parts on each of these ghostwriters not only explain how their biographies fit with the timelines of the texts being attributed to them but also provide various types of evidence that explains their motives for ghostwriting And Part IX returns for an intricate analysis of a few pseudonyms or ghostwriting contractors who were uniquely difficult to exclude as potential ghostwriters in parallel these chapters question the reasons these individuals would

have needed to purchase ghostwriting services The complete series on British Renaissance Re Attribution and Modernization by Anna Faktorovich is a remarkable accomplishment Based on her own unbiased method of computational linguistic authorial attribution she has critically examined an entire collection of texts many previously inaccessible and untranslated to modern English From a variety of distinct factors that have been ignored or unnoticed in the past she identifies a group of ghost writers behind many miss attributed Renaissance works Of particular interest are works traditionally attributed to William Shakespeare Dr Faktorovich is a prolific writer very well informed in English literature philology and literary criticism and she is clearly thorough and detail oriented Her re attribution and modernization series demonstrates solid scholarship fresh perspective and willingness to challenge conventional thought and methodology Midwest Book Review Lesly F Massey December 2021 I have long had an interest in linguistics and enjoy reading the frequent Who really wrote Shakespeare s works Therefore this book was extremely interesting to me So my recommendation is that if you have an interest in linguistics and scholarly research you will love this book Very interesting and well laid out book LibraryThing Early Reviewers February 2022 Anna Faktorovich PhD is an English professor who previously published *Rebellion as Genre and Formulas of Popular Fiction* She is also the Director and Founder of Anaphora Literary Press *The Edinburgh University Calendar* University of Edinburgh,1924 *Stage Antiquities of the Greek and Romans and Their Influence* James Turney Allen,1927 **Stage Antiquities of the Greeks and Romans and Their Influence** James Turney Allen,1927
