Evans, Carlo Fanelli, 2018-07-23

Following the 2008 global financial crisis Canada appeared to escape the austerity implemented elsewhere but this was spin hiding the reality A closer look reveals that the provinces responsible for delivering essential public and social services such as education and healthcare shouldered the burden The Public Sector in an Age of Austerity examines public sector austerity in the provinces and territories specifically addressing how austerity was implemented what forms austerity agendas took from regressive taxes and new user fees to public sector layoffs and privatization schemes and what if any political responses resulted Contributors focus on the period from 2007 to 2015 the global financial crisis and the period of fiscal consolidation that followed while also providing a longer historical context austerity is not a new phenomenon A granular examination of each jurisdiction identifies how changing fiscal conditions have affected the delivery of public services and restructured public finances highlighting the consequences such changes have had for public sector workers and users of public services The first book of its kind in Canada The Public Sector in an Age of Austerity challenges conventional wisdom by showing that Canada did not escape post crisis austerity and that its recovery has been vastly overstated Handbook of Research on Advocacy, Promotion, and Public Programming for Memory Institutions Ngulube, Patrick, 2019-01-11 Memory institutions such as archives libraries and museums collect arrange describe and preserve their collections and holdings in order to make them accessible to the community However these institutions remain underutilized and are struggling to raise awareness of their existence and attract users and funders The Handbook of Research on Advocacy Promotion and Public Programming for Memory Institutions is a collection of innovative research on emerging strategies such as advocacy outreach marketing and public programming to promote memory institutions and engage the community While highlighting topics including customer service solutions social media and collection development strategies this book is ideally designed for heritage management and information professionals curators museum management archival specialists librarians policymakers researchers and academicians **The Honourable John Norquay** Gerald Friesen, 2024-04-12 The life and times of the Premier from Red
