for Public Relations Ronald D. Smith, 2017-05-18 Strategic Planning for Public Relations is in its fifth edition of offering an innovative and clear approach for students looking to learn how to develop public relations campaigns. It is a text intended for those serious about entering the rapidly changing professions of public relations and strategic communication. Ronald Smith shows how to implement pragmatic research-driven strategic campaigns used in public relations practice and draws from his years of experience as a professional in the industry and his years of teaching in the classroom. The approach used in this text is a threefold pattern: first, readers are exposed to new ideas; then, they see them in use; before finally being shown how to apply those ideas themselves. Complex problem-solving and decision-making processes in strategic communication and public relations are turned into a series of easy-to-follow steps, flexible enough to be applicable to myriad situations and organizations in the real world. This new fifth edition follows the same format as previous editions and includes numerous timely and real-world examples of cases and current events along with classic cases that stand the test of time. It includes new research on opinions and practices within the discipline and covers several recent award-winning public relations campaigns.

Primer of Public Relations Research, Second Edition Don W. Stacks, 2010-07-13 This practical comprehensive work is widely regarded as the standard course text and practitioner reference on public relations research. Don W. Stacks explains the key role of research in all aspects of contemporary PR practice, from planning a program or campaign to making strategic changes and measuring outcomes. Step-by-step guidelines and tools are provided for using a wide range of qualitative and quantitative methods to accomplish essential research objectives. The book clearly explains technical aspects of data collection and analysis for readers new to measurement and statistics. Every chapter features review questions and a detailed practice problem. A test bank, suggested readings, case studies, and PowerPoint slides are available to instructors using the book in their courses; see the preface for details.

Cases in Public Relations Strategy Burton St. John III, Diana Knott Martinelli, Robert S. Pritchard, Cylor Spaulding, 2018-08-02 *Cases in Public Relations Strategy* draws on original real-world case studies to provide students with a strategic approach to meeting the needs of a client before, during, and beyond a campaign. Using the RACE (Research, Action, Planning, Communication, and Evaluation) model, students explore successful contemporary campaigns and evaluate best practices in all major areas of public relations activity. This practical, client-oriented text shows students how to systematically evaluate and adapt to the needs of a particular client, whether big or small, global or local, for-profit or nonprofit, in order to launch the most effective campaign. Each case includes a brief introduction focused on fundamentals and core competencies, and all cases have been carefully selected to present a wide range of client types. In addition to the lessons from professionals in the case studies, a section on PR consulting and an appendix on advancing your PR career give students the knowledge and skills they need for success in the field. Give your students the SAGE edge. SAGE edge offers a robust online environment featuring an impressive array of free tools and resources for review, study, and further exploration, keeping both instructors and students on the cutting edge of teaching and learning.
