Weaving Words into Worlds Caroline Durand-Rous, Margot Lauwers, 2023-10-10 Weaving Words into Worlds comes as the third spinoff of the international ecopoetics conference organized in Perpignan in 2016 Reflecting upon how the many stories we tell directly influence the world we live in each of the contributions in this international volume directs our attention to the constant ecopoetic weaving of word to the world at work via the many entanglements between mind matter and meaning whether on a local or a global scale It encapsulates how the words stories and concepts we humans articulate as we try to make sense of the world we inhabit give part of its shape to the web of ecological relations that we depend on for survival It seeks to cast light on the disenchanting and reenchanting powers of stories and poesis in general as stories retain the power to make us either become oblivious to and destroy or to feel and honor the many complex ties between the multitudinous nature cultures intertwined within the fabric of a multispecies world always in the making This book offers a total of fourteen articles written by international scholars in ecocriticism and ecopoetics who by their analyses of literature and or films and the political subtext they thus render visible aim at showing how the study of environmentally minded media may renew our attention to the entangled agencies of the human and the more than human realm Thus this work offers to counter a reproach ecocriticism has often been met with namely the over presence of US scholars and the lack of diversity in subjects in the field since the articles presented provide a wide variety of approaches and topics with examples of UK and Native American literature Polynesian myth graphic novels or haiku In doing so the book expands on the fields of ecocriticism and ecopoetics adding to this branch of study and enriching it with high quality academic studies Books

profusion of resources has not itself brought enhanced sophistication or profundity in our modes of understanding. Thus the matter of the continued relevance of cultural form dependant upon human voice and ritualization is raised. What in particular is the contemporary usefulness for the building of societies on one of our oldest and culturally valued rituals that of drama. The Fourth Seamus Heaney Lectures addresses this and other questions with Thomas Kilroy, Patrick Mason and others weighing in. **An Interview with Seamus Heaney** James Randall, Seamus Heaney, 1979. Seamus Heaney's American Odyssey Edward O'Shea, 2023. Seamus Heaney's American Odyssey describes with a new archive of correspondence interviews and working drafts the some forty years that Seamus Heaney spent in the U S as teacher as lecturer as friend and colleague and as an active poet on the reading circuit. It is anchored by Heaney's appointments at Berkeley and Harvard but it also follows Heaney's readings on the road at three important points in his career. It argues that Heaney was initially receptive to American poetry and culture while his career was still plastic but as he developed more assurance and fame he became much more critical of America as a superpower especially in the military reaction to 9/11. This study emphasizes the heard Heaney as much as the writerly Heaney by listening in on key poetry readings at different times and to recorded but unpublished lectures on American and British poets at Harvard. It includes accounts by his creative writing students aspiring poets who testify to his mentoring as well modeling for them how one can be a poet in the world as he was most strikingly.
