Phantom Shot Eyewitnesses Solve The Jfk Assassination:

The Assassination of JFK Robert A. Wagner, 2017-03-07 The Assassination of JFK Perspectives Half a Century Later is the result of a reconciliation of widely divergent views of the assassination and who was responsible For more than fifty years the JFK assassination has ignited impassioned argument from those who believe the Warren Commission's conclusion that one man Lee Harvey Oswald acted alone in killing President John F Kennedy and those who believe that the assassination was spearheaded by the KGB Castro the mob anti Castro revolutionaries the military complex the CIA or even Kennedy's successor Lyndon Baines Johnson to name only a few The conspiracy theories are almost too numerous to list and even include the fervent belief that Kennedy's body was stolen prior to autopsy on the very evening of the assassination for the purpose of doctoring the body to frame Oswald Bob Wagner digs into the enormous record of the assassination created by two government investigations and thousands of books and articles written by investigators researchers and historians Bob describes the divergent views as being akin to two groups dividing the pieces of a jigsaw puzzle in half and attempting to produce complete pictures with their incomplete pieces Once all the puzzle pieces are organized and properly fit together however as Bob's painstaking work shows a real picture emerges and the truth comes into focus Bob thoroughly reviews the head spinning morass of fact conjecture and conspiracy theories regarding the assassination of JFK and makes them understandable to those knowing little about the assassination much less all of the conspiracy theories that abound *The Assassination of JFK Perspectives Half a Century Later* presents the clearest case against Arlen Specter's infamous single bullet theory while also demonstrating why it is clear that Lee Harvey Oswald fired the only shots in Dealey Plaza on November 22 1963 Visit JFKassassinationperspectives.com for more information and to comment **Honest Answers**

about the Murder of President John F. Kennedy Vincent Michael Palamara, 2021-03-19 Thousands of books and articles have been written about the murder of JFK many of which are large in volume and short on facts Quite often these works try to reinvent the wheel attempting to cover every single area of the assassination as well as many tangential and unessential points as well The reader is often left exhausted and confused The sheer volume of pages conflicting facts and theories leaves one unsatisfied and quite frankly not sure exactly what did happen on 11 22 63 This book seeks to separate the wheat from the chaff It is 55 plus years later it is time for real honest answers in an easy to read and understand format Proof of a conspiracy no theories to the point a perspective on the assassination for the millennial age and beyond Based on years decades of primary source research and having read countless books on the subject **Phantom Shot** Mike Majerus, Jack Nesson, 2013-10-11 For more than half a century the JFK assassination has been shrouded in mystery Many have been blamed including the CIA the Secret Service Fidel Castro the Russians the mafia right wing extremists and Lyndon Johnson The true facts have been buried for decades beneath layers of distortions and misinformation The solution to the assassination has always been right under our noses hidden in plain sight The key lies in the number of shots fired The two

official U S government investigations came to different conclusions on this issue and both got it wrong In the fog of war the press got it wrong too beginning with the first bulletin sent out over the wires just minutes after the shooting A consensus groupthink soon emerged that did not reflect what really happened in Dallas Nonstop reporting of inaccurate information actually caused witnesses to change their stories about what they really saw and heard that day Phantom Shot analyzes the statements of key eyewitnesses some of which were recorded just minutes after the shooting before groupthink set in Many of these witnesses were ignored by the government investigations Their statements unravel the mystery of the assassination once and for all Phantom Shot answers these questions and many more How many shots were really fired Was there a shot from the grassy knoll Was Oswald the sole assassin Was he part of a conspiracy Was Jack Ruby sent by the mob to silence him Did J Edgar Hoover and others in the FBI know the solution to the assassination in 1964 and cover it up Why did the Warren Commission ignore the statements of key eyewitnesses

Jean Hill the lady in red in Zapruder's Kennedy assassination film saw a gunman on the famous grassy knoll on November 22
1963 That gunman was NOT Lee Harvey Oswald In this highly personal narrative Hill discloses the trauma and intimidation
she experienced as well as her struggle to keep her career and her sanity after she a single mother of two became embroiled
in the greatest murder mystery of the century **In the Eye of History** William Matson Law, Allan Eaglesham, 2004-01-01

Several years ago William Matson Law set out on a personal quest to reach an understanding of the circumstances
underpinning the assassination of John F Kennedy His investigation began with a key component of the events of November 22
1963 and the days that followed the autopsy on the president's body at the National Naval Medical Center Bethesda
Maryland He contacted those who were involved at Bethesda in various aspects of the aftermath of the assassination In the
Eye of History Disclosures in the JFK Assassination Medical Evidence comprises conversations with eight individuals who
agreed to talk For the first time these eyewitnesses relate their stories comprehensively in their own words Law allows them
to tell it as they remember it without attempting to fit any pro or anti conspiracy agenda The reader is the judge of these

eyewitness accounts and their implications Dennis David describes observing the arrival at Bethesda Naval Hospital of the navy ambulance carrying Jackie Kennedy with the official casket purportedly carrying the president's body some time after he had supervised the unloading of a shipping casket that he'd been told contained the body of the president. A few days after the assassination David describes seeing a secret movie film of the Kennedy autopsy that showed an entry wound in the forehead inconsistent with the official scenario of a lone gunman shooting from behind. Autopsy technician Paul O'Connor helped remove the president's body; he recalls that it was in a body bag from a shipping casket, this contrasts with the placement of the president's body in an ornate casket in Dallas after wrapping only in sheets and towels. O'Connor's associate James Jenkins emerged from the autopsy convinced that the president had been shot from two directions. X-ray technician Jerrol Custer recalled seeing Mrs. Kennedy enter the Naval Hospital having just arrived with her husband's body yet Custer was on his way to the darkroom to develop X-ray plates already taken of the president's corpse. Ex-FBI Special Agents James Sibert and Frances O'Neill pour scorn on the single bullet theory, the sine qua non of the Warren Report yet are reluctant to conclude that more than one sniper was involved. Harold Rydberg describes how he illustrated the president's wounds solely from verbal descriptions and provides first-hand impressions of the personalities of the autopsy doctors. Sandra Spencer compares and contrasts the extant photographs from the Kennedy autopsy with those that she developed; the differences are startling. And there is discussion of new information on the 1966 death of William Pitzer in whose possession Dennis David claims to have seen the secret movie of the Kennedy autopsy. In his foreword Dr. David W. Mantik states: "For anyone who wants a first-hand look at that long ago night, this is as close as we can now get." *Praise from a Future Generation* John K. Kelly, 2007. Finely written and meticulously documented, this book describes how very early on a small group of ordinary citizens began extraordinary efforts to demonstrate that the JFK assassination could not have happened the way the government said it did. In time their efforts had an enormous impact on public opinion but this account concentrates on the months before the controversy caught fire when people with skeptical viewpoints still saw themselves as lone voices. Material seldom seen by the public includes a suppressed photograph of the grassy knoll, an unpublished 1964 interview with an eyewitness, the earliest mention of the magic bullet and an analysis of the commotion surrounding New Orleans district attorney Jim Garrison's charge that anti-Castro CIA operatives were involved. [The Girl on the Stairs](#) Barry Ernest, 2013-04-02. One man's quest to investigate a dismissed eyewitness account of the assassination of President John F. Kennedy. Victoria Elizabeth Adams worked on the fourth floor of the Texas School Book Depository in 1963. She was on the back staircase of the building at the precise moment that Lee Harvey Oswald, according to the Warren Commission's account, was making his escape. Yet Adams saw and heard no one. This is the story, both frightening and fascinating, about a journey to seek the truth in the assassination of President John F. Kennedy. After a three-decade quest and an array of obstacles, investigative journalist Barry Ernest brings the full account of the girl on the stairs to life. Ernest, a frequent lecturer on the topic of the Kennedy

assassination won the 2011 Mary Ferrell Pioneer Award a national honor presented for a lifetime of searching for the truth David S Lifton author of the New York Times bestseller Best Evidence Disguise and Deception in the Assassination of John F Kennedy provides a foreword to this intriguing saga Praise for The Girl on the Stairs Beautifully paced writing takes the reader along as Ernst searches for crucial information Highly recommended Debra Conway president JFK Lancer Productions Publications Inc Ernest demonstrates there are still important lessons to learned and good historical research to be done Larry Hancock author of Someone Would Have Talked The Assassination of President John F Kennedy Brilliant utterly compelling very very dark and deeply troubling Dr Stephen Dorril author of MI6 Fifty Years of Special Operations Deserves space on the shelf of every Kennedy assassination buff in the country Maj Glenn MacDonald Military Corruption Totally engrossing and fascinating Terry West WAXX FM *Being There* Douglas Caddy,2018-06-08 Douglas Caddy was the attorney for E Howard Hunt one of the key persons involved in both the JFK assassination and Watergate Being There Eye Witness to History is his autobiographical account of these events by accidentally being in the right place at the right time or the wrong place at the wrong time Episodes include being with Lee Harvey Oswald and Guy Banister in New Orleans investigating the founding of the modern conservative movement and where it went wrong looking inside the JFK assassination and the Watergate Conspiracy uncovering JFK s secret son and why he came to fear for his life analyzing LBJ s murder victims and his rise to the presidency interpreting the Moody Foundation Scandal Russia s involvement in Trump s election and more The John F. Kennedy Assassination Stuart A. Kallen,2009-05-01 This book offers step by step explanations of the scientific processes used to collect and examine evidence in the investigation into the assassination of John F Kennedy Students will be fascinated by how the tiniest bit of evidence can be used to solve the most puzzling mysteries Includes sidebars containing first person accounts of that fateful day in Dallas A fact versus fiction section helps students focus on salient details
