These are the stories that fuel the dreams of car collectors everywhere. See Tom Cotter author of *Motorbooks In the Barn* series interviewed by Jay Leno on JayLenosGarage.com <http://www.jaylenosgarage.com> video jays book club the hemi in the barn 1237422 *Discovering Lost Automobiles and their Stories* Michael Ware, 2023-01-31 Many enthusiasts dream of finding a Bugatti or a Bentley in a barn or a long disused building. In reality such finds are more likely to be an Austin 7 Ford Popular or a Mini. This book is stuffed with these so called barn finds. The author has tried to find out the background to the abandonment and the previous history of the as found car when it was in regular use. Why was it put away and apparently forgotten? Many of the stories have appeared in his Lost and Found column in *Classic and Sports Car* magazine but a book gives a chance for the expanded story to be told. The cars featured date from 1900 through till the 1980s most come from Great Britain and Europe but there are plenty from Australasia and USA. There are well over 200 different cars plus collections featured. Each story has at least one illustration to go with it. Some of the locations are bizarre: a Daimler buried under a rockery, a Porsche sunk in Lake Lucerne, a Rolls Royce on the roof of a high rise building in Karachi or a Morris 8 special in a Gloucestershire pond. There is a chapter on collections of cars put together by seemingly eccentric owners who never got around to restoring them before their death. The author is not critical of any of these owners and is grateful for the number of cars they have saved from almost certain destruction. Gale's Auto Sourcebook 2 Karen Hill, 1992-05 This book is designed to present in one convenient source comments published in periodicals about 325 automobile models manufactured since 1987 on a model by model basis. These periodicals range from general interest to specialized sources as well as repair manuals and other publications related to the individual models. **Cars & Parts**, 1997 Road & Track, 1984-02 *Porsche Carrera* Johnny Tipler, 2014-05-31 *Porsche Carrera* follows the development and design of the Carrera car dynasty from the origins of the Carrera line in the 550 and 356 models through the highly tuned race cars of the 1960s to the largely hand crafted air cooled cars of the 1970s and the 1980s. The book features detailed profiles of all Carrera models including roadgoing and race models, prototypes, special builds and rare cars in depth explorations of the engineering and tuning of the cars and buyer's guides for the different models. Also included are a series of interviews with racing drivers such as Sir Stirling Moss, Derek Bell, John Surtees and Gijs van Lennep and key Carrera figures such as designer Richard Soderberg and Klaus Bischof head of the Porsche Rolling Museum.
