Bass and PCG Education are proud to bring the Paths to College and Career English Language Arts ELA curriculum and professional development resources for grades 6-12 to educators across the country. Originally developed for EngageNY and written with a focus on the shifts in instructional practice and student experiences, the standards require Paths to College and Career includes daily lesson plans, guiding questions, recommended texts, scaffolding strategies, and other classroom resources. Paths to College and Career is a concrete and practical ELA instructional program that engages students with compelling and complex texts. At each grade level, Paths to College and Career delivers a yearlong curriculum that develops all students' ability to read closely and engage in text-based discussions, build evidence-based claims and arguments, conduct research, and write from sources and expand their academic vocabulary. Paths to College and Career's instructional resources address the needs of all learners, including students with disabilities, English language learners, and gifted and talented students. This enhanced curriculum provides teachers with freshly designed Teacher Guides that make the curriculum more accessible and flexible, a Teacher Resource Book for each module that includes all of the materials educators need to manage instruction, and Student Journals that give students learning tools for each module and a single place to organize and document their learning. As the creators of the Paths ELA curriculum for grades 6-12, PCG Education provides a professional learning program that ensures the success of the curriculum. The program includes Nationally recognized professional development from an organization that has been immersed in the new standards since their inception, Blended learning experiences for teachers and leaders that enrich and extend the learning, A train-the-trainer program that builds capacity and provides resources and individual support for embedded leaders and coaches. Paths offers schools and districts a unique approach to ensuring college and career readiness for all students, providing state-of-the-art curriculum and state-of-the-art implementation.

Challenges in Language Testing Around the World Betty Lanteigne, Christine Coombe, James Dean Brown, 2021-02-17 This book combines insights from language assessment, literacy, and critical language testing through critical analyses and research about challenges in language assessment around the world. It investigates problematic practices in language testing which are relevant to language test users such as language program directors, testing centers, and language teachers, as well as teachers in training in Graduate Diploma and Master of Arts in Applied Linguistics programs. These issues involve aspects of language testing such as test development, test administration, scoring, and interpretation, use of test results. Chapters in this volume discuss insights about language testing policy, testing world languages, developing program-level language tests, and tests of specific language skills and language assessment literacy. In addition, this book identifies two needs in language testing for further examination: the need for collaboration between language test developers, language test users, and language users, and the need to base language tests on real-world language use.

in Grades 2-8 **Teaching Writing as Journey, Not Destination** P. L. Thomas, 2019-01-01 American author Kurt Vonnegut has famously declared that writing is unteachable yet formal education persists in that task. *Teaching Writing as Journey, Not Destination* is the culmination of P. L. Thomas's experiences as both a writer and a teacher of writing reaching into the fourth decade of struggling with both. This volume collects essays that examine the enduring and contemporary questions facing writing teachers including grammar instruction, authentic practices in high stakes environments, student choice, citation and plagiarism, the five paragraph essay, grading and the intersections of being a writer and teaching writing. Thomas offers concrete classroom experiences drawn from teaching high school ELA, first year composition and a wide range of undergraduate and graduate courses. Ultimately, however, the essays are a reflection of Thomas's journey and a concession to both writing and teaching writing as journeys without ultimate destinations.

Best Ideas for Teaching with Technology Justin Reich, Tom Daccord, 2015-02-18 This practical how-to guide makes it easy for teachers to incorporate the latest technology in their classes.
