*Rules of Engagement and the International Law of Military Operations* J. F. R. Boddens Hosang, 2020-01-31 The book systematically analyses the relationship and interaction between rules of engagement ROE and the legal framework regulating armed conflicts both at the international and national levels At the international level the relationship between ROE and human rights law and international humanitarian law is explored At the national level the book relates ROE to comparative criminal law A separate chapter analyses the complex relationship between self defence law and rules of engagement It is the first monograph to comprehensively examine these issues and to analyse how ROE interact with the various sources of the international law of military operations both in terms of the law as a source for these rules and how the law is reflected and implemented through them In doing so and based on the author s own experience the book provides examples of how complicated often controversial issues of law can be resolved while keeping the rules understandable at all levels of military operations Aimed at both scholars and practitioners the book provides a bridge between the academic world and the operational world It provides new insights for both of those audiences in terms of understanding how the law applies to and through the rules on the use of force for military operations

**China's New Global Initiatives** Theodor Tudoroiu, 2025-08-12 This book provides the first in depth analysis of China's Global

Initiatives launched between 2021 and 2023 as elements of a coherent strategy intended to construct a Chinese led international order This highly ambitious enterprise was initiated in 2013 and has relied on the Chinese socialization of the Global South political elites which uses the prestige infrastructure projects of the Belt and Road Initiative BRI as material incentives In recent years however China s economic problems major difficulties with the repayment of BRI infrastructure loans and the Western infrastructure counteroffensive have triggered a serious crisis that has significantly reduced the effectiveness of the socialization process This book argues that the creation of the Global Development Initiative Global Security Initiative Global Civilization Initiative and Global Artificial Intelligence Governance Initiative as well as the recalibration of the Belt and Road Initiative represents a response to this crisis The new Global Initiatives complement and partially replace the old BRI by extending the repertoire of Chinese policies and actions to the domains of non infrastructure development assistance international security civilizationism and AI based industrial revolution If successful they have the potential to bring China s international order to maturity which will result in the emergence of a bipolar international system

*The Yoga of Divorce* Mike MacConnell,2016-08-31 So far lawyers are the only ones getting any money There s no middle ground We only talk through lawyers I open my mouth and we end up screaming at each other Sound familiar What if there was a way to divorce with a minimum of hostility time and expense It is attainable even if you are working towards these goals without the cooperation of your spouse The Yoga of Divorce advocates that we shift our reactions and embrace the notion of cooperative opposition the idea that the same non adversarial process that works on the yoga mat can be used at the negotiation table The key to The Yoga of Divorce s strategy is to park ego at the door If we stop trying to win but instead seek a solution that is fair to both sides we make much smoother progress The mindful practice of cooperative opposition can simultaneously resolve physical stress and social conflict by intentionally balancing opposite forces It might seem simple but it takes conscious effort We urgently need to make calm decisions at those times when being calm is most difficult such as in the midst of emotional crisis When stakes are highest we feel most triggered to attack For the sake of our children our wealth and our personal well being we need to work past negative emotions and put ego in its place Only then will we find lasting peace and amicable resolutions
