Kramer,2016-08-11 Kramer was one of the most visionary musical thinkers of the second half of the 20th century In his The Time of Music he approached the idea of the many different ways that time itself is articulated musically This book has become influential among composers theorists and aestheticians Now in his almost completed text written before his untimely death in 2004 he examines the concept of postmodernism in music Kramer created a series of markers by which we can identify postmodern works He suggests that the postmodern project actually creates a radically different relationship

between the composer and listener Written with wit precision and at times playfully subverting traditional tropes to make a very serious point about this difference Postmodern Music Postmodern Listening leads us to a strongly grounded intellectual basis for stylistic description and an intuitive sensibility of what postmodernism in music entails Postmodern Music Postmodern Listening is an examination of how musical postmodernism is not just a style or movement but a fundamental shift in the relationship between composer and listener The result is a multifaceted and provocative look at a critical turning point in music history one whose implications we are only just beginning to understand

Educational Psychology Steven R. Wininger, Antony D. Norman, Bruce W. Tuckman, 2025-01-07 Educational Psychology distills the latest research into actionable steps to help students build a solid evidence based teaching plan as they prepare to go into the classroom This text takes a meta cognitive approach asking students to think about their dual role as both teachers and learners so they can understand not just what to do in the classroom but the why behind it Motivation is at the heart of Educational Psychology The authors address the challenges of fostering motivation by offering a practical framework for teachers This text helps teachers enhance student motivation and links it to other key themes and concepts discussed in the book Rather than taking an encyclopedic approach the authors group chapters by topic to help readers remember concepts and connect best practices to big ideas in educational psychology The text blends scholarship with application by using vignettes examples case studies and practical teaching strategies so students be both methodical and creative in their future classrooms

Frédéric Chopin: The Etudes Jan Marisse Huizing, 2015-12-09 The Chopin Etudes are without doubt one of the highlights of piano literature they are essential in achieving a masterful technique and full of musical ideas The present e book edition illustrates the etudes in a historical context based on an excursus on Chopin s piano methodology and a thorough comparison of the musical texts from the original manuscripts to the most recent urtext editions It deals with questions about genesis style interpretation and playing technique as well as with the history and development of the piano This casts an entirely new light not only on the etudes themselves but also on the interpretation of other works by Chopin With its numerous examples facsimile reproductions and a discography this e book is a must have for both lovers of Chopin s music and advanced amateur and professional pianists

Classroom Assessment in Action Mark D. Shermis, Francis J. DiVesta, 2011-04-16 Classroom Assessment in Action clarifies the multi faceted roles of measurement and assessment and their applications in a classroom setting Comprehensive in scope Shermis and Di Vesta explain basic measurement concepts and show students how to interpret the results of standardized tests From these basic concepts the authors then provide clear and ordered discussions of how assessment and instruction is integrated into a functional process to enhance student learning Guidelines are set forth for constructing various common assessments Procedures are laid out to evaluate and improve assessments once they are constructed Ultimately the authors shed light on the myriad of factors that impact test score interpretation In today s classroom technology has become a constant companion and Classroom Assessment in Action

exposes teacher candidates to emerging technologies they might encounter in building their repertoire of assessments whether it be automated essay scoring or electronic portfolios Classroom Assessment in Action guides its readers to a complete and thorough understanding of assessment and measurement so that they can confidently work with students and parents in explaining results whether they are from a high stakes statewide assessment or the grading philosophy to which they ascribe The Practice of Assessment in Music Education Frank Abrahams,2010 *Franz Schubert's Music in Performance* David Montgomery,2003 In *Franz Schubert's Music in Performance* David Montgomery challenges many operative myths about the music of this great but often misunderstood Viennese master Chief among them is the lingering notion that Schubert was poorly trained but still managed to turn out brilliant if often flawed scores Modern adherents of this view believe that Schubert could not notate his own musical wishes accurately and that he was principally a creature of intuition Accordingly musicians might allow themselves wide intuitive leeway in the interpretation of his music Another myth challenged by Montgomery is that Schubert was a conservative or perhaps even a chronological throwback Opposing recent attempts to legitimize performer generated embellishment of Schubert's music in the style of the eighteenth century He clarifies Schubert's contributions to the radical intellectualism of nineteenth century romanticism The book offers six informative chapters ranging from aesthetics and acoustics to the specifics of tempo and expression plus an appendix of pertinent Viennese pedagogical sources In addition to many years of musicological research Montgomery brings long experience as a concertizing pianist and conductor to this engaging and controversial work **Assessment in Music Education: from Policy to Practice** Don Lebler,Gemma Carey,Scott D. Harrison,2014-11-03 The contributions to this volume aim to stimulate discussion about the role of assessment in the learning experiences of students in music and other creative and performing arts settings The articles offer insights on how assessment can be employed in the learning setting to enhance outcomes for students both during their studies at higher education institutions and after graduation An international group of leading researchers offers an exciting array of papers that focus on the practice of assessment in music particularly in higher education settings Contributions reflect on self peer and alternative assessment practices in this environment There is a particular emphasis on the alignment between assessment curriculum structure and pedagogy
