It's Morphing Time: Power Rangers and a New Media Landscape

While some teenagers have to deal with zits, math tests, and asking a crush to prom, others wear colored bodysuits and perform martial arts against strange, extra-dimensional evil. Premiering in the U.S. in the early 90s, *Power Rangers* presented a weird, new form of entertainment, introducing children to martial arts and Japanese culture in the trappings of Saturday morning programming and the after-school special. Despite its often fantastical leanings, *Power Rangers* presented an integral turning point in children's programming and media at large.

Although it presented something new and largely unseen by Western audiences, *Power Rangers* was anything but. All of the action scenes were taken directly from Japan's *Super Sentai* series (specifically *Kyoryu Sentai Zyuranger*), intercut with scenes of an American cast existing within tranquil Angel Grove. The *Super Sentai* series stayed within the traditions of the long-running line of programming known as tokusatsu, meaning "special effects" (a reference to the use of practical special effects).

Transplanting Japanese cultural media and overlaying it upon an American production and audience posed its own challenges, but the almost immediate success came from its own storytelling. At first blush, winding fantastical adventures and impressive martial arts into the everyday lives of American teens (who dealt with bullying, teamwork, and celebrating birthdays) seems disparate. However, the combination led to instantly relatable stories that resonated with children, imparting ideas of community and selflessness through skills and talents of all forms, physical, mental, and emotional.

In conclusion, *Power Rangers* presented an amalgam of different cultural ideas to create a new children's media landscape. The original series has since given rise to ongoing series, along with offshoot books, comics, and other media. For many kids, the show was an introduction to new ideas that were still grounded within the parks, schools, and suburbs of their lives. It was a form of escapism and imagination that stayed within the bounds of a reality that could be cruel, difficult to understand, or full of light. It just took some friends, some martial arts, and the ability to morph into something new.
