*The Mobile Application Hacker's Handbook* Dominic Chell, Tyrone Erasmus, Shaun Colley, Ollie Whitehouse, 2015-02-17  
See your app through a hacker's eyes to find the real sources of vulnerability *The Mobile Application Hacker's Handbook* is a comprehensive guide to securing all mobile applications by approaching the issue from a hacker's point of view. Heavily practical, this book provides expert guidance toward discovering and exploiting flaws in mobile applications on the iOS, Android, BlackBerry, and Windows Phone platforms. You will learn a proven methodology for approaching mobile application assessments and the techniques used to prevent, disrupt, and remediate the various types of attacks. Coverage includes data storage, cryptography, transport layers, data leakage, injection attacks, runtime manipulation, security controls, and cross-platform apps with vulnerabilities highlighted and detailed information on the methods hackers use to get around standard security. Mobile applications are widely used in the consumer and enterprise markets to process and/or store sensitive data. There is currently little published on the topic of mobile security, but with over a million apps in the Apple App Store alone, the attack surface is significant. This book helps you secure mobile apps by demonstrating the ways in which hackers exploit weak points and flaws to gain access to data. Understand the ways data can be stored and how cryptography is defeated. Set up an environment for identifying insecurities and the data leakages that arise. Develop extensions to bypass security controls and perform injection attacks. Learn the different attacks that apply specifically to cross-platform apps. IT security breaches have made big headlines with millions of consumers vulnerable as major corporations come under attack. Learning the tricks of the hacker's trade allows security professionals to lock the app up tight. For better mobile security and less vulnerable data, *The Mobile Application Hacker's Handbook* is a practical, comprehensive guide. [iPhone 12 Pro/Pro Max User Guide](#)  
Gerard McClay, 2022-08-06 The iPhone 12 Pro and Pro Max is a very powerful phone packed with features and amazing capabilities. Although the iPhone can be a fantastic tool, most users just use their phones as a source of distraction. However, the sheer number of things your phone can do can quickly become overwhelming. However, by setting up your iPhone to work for you, you will be more productive, focused, and have a higher quality of life if you take the time to follow the instructions in this book. With the iPhone 12 Pro and Pro Max, Apple has revolutionized the smartphone once again. The camera, display, and even the operating system make this phone one of a kind. All of these great features can be difficult to master, but with this user manual, you will quickly learn how to master your iPhone 12 Pro or Pro Max. Get to find out: 1. iPhone apps that will keep you productive and efficient. 2. The most useful but little-known iPhone 13 Pro and Pro Max features and tricks. 3. iPhone settings that can have a significant impact on how much battery your phone uses and help you save battery life. 4. The first thing you should do with your brand-new iPhone 12 Pro or Pro Max. In this book, discover how to: 1. Completely configure your iPhone 12 Pro or Pro Max. 2. Insert SIM card into your Apple device. 3. Transfer all of your messages, images, videos, music, apps, and more from an old iPhone, iPad, or iPod Touch to an iPhone 12 Pro, Pro Max, or any other iPhone running iOS 14 or newer.

Whan Park,Deborah J. MacInnis,Andreas B. Eisingerich,2016-09-16 *Brand Admiration* uses deep research on consumer psychology marketing consumer engagement and communication to develop a powerful integrated perspective and innovative approach to brand management Using numerous real world examples and backed by research from top notch academics this book describes how companies can turn a product service corporate person or place brand into one that customers love trust and respect in short how to make a brand admired The result Greater brand loyalty stronger brand advocacy and higher brand equity

Admired brands grow more revenue in a more efficient way over a longer period of time and with more opportunities for growth. The real power of Brand Admiration is that it provides concrete actionable guidance on how brand managers can make customers and employees admire a brand. Admired brands don't just do the job they offer exactly what customers need enabling benefits in way that's pleasing fun interesting and emotionally involving enticing benefits while making people feel good about themselves enriching benefits. Providing these benefits called 3 Es is foundational to building strengthening and leveraging brand admiration. In addition the authors articulate a common sense and action based measure of brand equity and they develop dashboard metrics to diagnose if there are any canaries in the coal mine and if so what to do next. In short Brand Admiration provides a coherent cohesive approach to helping the brand stand the test of time. A well designed well managed brand becomes a part of the public consciousness and ultimately a part of the culture. This trajectory is the fruit of decisions made from an integrated strategic standpoint. This book shows you how to shift the process for your brand with practical guidance and an analytical approach.

**Charging Ahead** Joe Sherman, 1998-10-29 Charging Ahead is a classic tale of perseverance against daunting odds in the pursuit of a personal dream and an environmental revolution. You'd have to be a fool to market a consumer electric car let alone challenge the big three auto makers with a little start up company. But MIT graduate James Worden with his girlfriend and a handful of audacious engineers did both and he's well on his way to success. In this marvelous narrative business writer Joe Sherman vividly describes how Worden and his team built the world's most advanced EV electric vehicle the Sunrise. Combining insightful biography with the best of science and business writing Sherman captures not only Worden's own gripping story but also the technical challenge of designing an electric car in an age of anxiety over the environment. He depicts Worden's fascination with EVs from childhood he built his award winning first electric car in high school tracing it through his monomaniacal career at MIT where he organized a student team that built EVs for races worldwide to the founding of Solectria a company committed to building a consumer electric car. Sherman shows how despite all the obstacles Solectria eventually lined up such strategic partners as the Pentagon on its way to producing the Sunrise a lightweight all composite high tech commuter car. The Sunrise would triumph over rivals from the Big Three in the 7th American Tour de Sol and later travel from Boston to New York on a single battery charge. Charging Ahead is an engaging story of James Worden's struggle to succeed with idealism energy and technological superiority against seemingly impossible odds.
