

My Life Experience

Being a nurse had always been my dream and now that I have finished studying in Los Angeles Mission College, I am ready to take the next step. I have heard a lot of good things about West Coast University and based on the information I gathered, the quality of education they offer is one of the best.

I remember that when I was 6 years old my parents would tell me that as an infant, I would not let anyone else carry me because I only trusted them. During this stage, the infant is uncertain about the world in which they live in (McLeod, 2018). I see this as a natural reaction of an infant because of being vulnerable and fragile. As soon as I reached 4 years of age, I already had a concept of guilt.

Which is good because a normal child would have remorse or guilt if they hurt someone or did something. I also remember seeing a stray kitten outside our gate and I wanted to take it inside the house because the mom was nowhere to be seen. I felt so guilty for leaving it there because I do not know if someone else would care. If saw that kitten in my earlier years, I would not have had the same feeling towards it. There is a possibility that I do not trust what it could do to me and where it came from.

When I reached 5 years old, I was sent to a big school and had to interact with about 40 people in class every day. I did not get scared or intimidated by my other classmates because I saw it as an opportunity to make new friends and grow. Being in a good school and surrounded by different people helped develop my personality be
