## Introduction

Indira Gandhi was born of Priyadarshini Nehru in 1917 in Allahabad province of India. She was the daughter of Jawaharlal Nehru who was India's first prime minister. Indira had the chance to enjoy excellent education by going to Somerville College, as well as the Oxford University from where she finalized her college education. Indira was later married to Feroze Gandhi between the years 1942-1960.

The Nehru family was a political family in India that produced political leaders for India. When her mother died in 1936, she became the only person closest to her father. This case enabled her to rub shoulders with people in leadership and the diplomatic world thus growing up as an experienced person in politics and diplomacy.

After her father's death, she was elected as president for India's National Congress. She subsequently assumed the post of the minister for information. Indira became "India's prime minister in 1966 to 1977 and from 1980 to 1984" (Steinberg, 2005, p.760).

She was assassinated in 1984 by her Sikh bodyguard in revenge for her ordering the invasion of the Golden temple, which was a Sikh holy place to flush out separatists hiding in the temple. Indira was considered the iron woman of India for the way she ruled the country with an Iron fist.

## Characteristics, which are unique to her leadership style

Indira grew up as a hardened child whose parents were always away from home attending independence strategy meetings. Thus, she had to learn to overcome her fear of her parents being away by developing into a tough strong-headed girl. When Indira took over as the prime minister of India, she showed her knack for independent mindedness by sacking some of her father's loyalists from the government who were viewed as powerful persons in the Indian political circles.

Understanding Fascism: Writings on Class, Caste and the State K.Balagopal, The articles are responses at a point in time but why the book is important is because they

are relevant even now They are about the arduous task of building democracy and charting the contours of the justice system in its everyday guise as well as when it sets out to make and implement policies Authoritarianism Balagopal points out lies immanent in the dominance of the national project by the hegemonic classes and castes The elites have deliberately sought to work this as well as regional contradictions to their advantage They do this by building a repository of social contempt and negativity against shifting targets religious minorities workers civil rights activists political dissenters dalits and adivasis movements and protesting women Balagopal writes about how in India the alchemy between caste class and the State creates a uniquely Indian alloy of fascism Reading them gives the impression that he was standing on top of a tall tower with a powerful pair of binoculars which enabled him to see what nobody else could In truth there was no tower and no binoculars just an extremely fine courageous and honest mind looking around at what others turn away from Arundhati Roy

**Citizenship, Belonging, and the Partition of India** Neeti Nair, 2024-08-23 This book revisits the aftermath of the partition of 1947 and the war of 1971 to examine some of the longer term consequences of the redrawing of borders across South Asia From the eastern frontier of Assam to the westernmost reaches of Gujarat and Sindh the chapters in this volume study the minority question and show how it has manifested in different regional contexts The authors ask how minorities have sought to belong and trace how their sense of belonging has shifted with time Working with intercepted letters pamphlets and poetry novels and ethnographic fieldwork each of these articles foreground the voices of the refugee and the minority Taken together the essays argue that a deep dive into how people have been affected by border making and remaking in each of these frontier regions is integral to understanding the big picture that is South Asia By drawing upon current research in history memory studies and literature this book will interest students researchers and scholars of modern Indian history Partition studies colonial history postcolonial studies politics and South Asian studies The chapters in this book were originally published as a special issue of Asian Affairs

*Listening to Grasshoppers* Arundhati Roy, 2009 What happens once democracy has been used up When it has been hollowed out and emptied of meaning Combining brilliant political insight and razor sharp prose Listening to Grasshoppers is the essential new book from Arundhati Roy In these essays she takes a hard look at the underbelly of the world's largest democracy and shows how the journey that Hindu nationalism and neo liberal economic reforms began together in the early 1990s is unravelling in dangerous ways Beginning with the state backed killing of Muslims in Gujarat in 2002 she writes about how progress and genocide have historically gone hand in hand about the murky investigations into the 2001 attack on the Indian Parliament about the dangers of an increasingly powerful and entirely unaccountable judiciary and about the collusion between large corporations the government and the mainstream media The collection ends with an account of the August 2008 uprising in Kashmir and an analysis of the November 2008 attacks on Mumbai The Briefing included as an appendix is a fictional text that brings

together many of the issues central to the collection
