Williams,2022-06-28 Enacting social justice is essential to the Christian faith But the Bible s call to seek justice is not a call to superficial activism True justice requires biblical wisdom and communal discernment Maybe you re frustrated with a version of Christianity that doesn t seem to take justice seriously Perhaps you ve witnessed the rise of ideologies that brand themselves as social justice but you have a sense that something is off about them Maybe you have a hunch that God offers a better way to do justice than what s offered by the snarky memes on our news feeds In this 14 session video based study guide teacher and lecturer Thaddeus Williams furthers the case he made in his book taking study groups and individuals deeper into complex question of how to pursue a path of justice without compromising the truth of the gospel Participants will watch video segments DVD streaming video sold separately hear from a diverse range of experts interact in group discussions and answer personal reflection questions to discover what the Bible and the example of Jesus have to teach us about justice Williams confronts religious and political tribalism and challenges participants to discover a compelling vision of justice for all God s image bearers that offers hopeful answers to life s biggest questions and a way forward Sessions Include What is Social Justice The God Question The Imago Question The Idolatry Question The Collective Question The Splintering Question The Fruit Question The Disparity Question The Color Question The Gospel Question The Tunnel Vision Question The Suffering Question The Standpoint Question Conclusion *Unforgettable* W. Michael Gray,2016-10-12 We

have an uneasy relationship with the relentless deluge of information gushing out of academia and our media outlets To turn it off is escapist but to attempt to cognitively grapple with it is overwhelming In Unforgettable Enabling Deep and Durable Learning a nationally recognized master teacher gives professors and their students the means to chart a clear path through this information explosion Humans crave explanatory patterns and this book enables teachers to think deeply about their academic disciplines to find and articulate their core explanatory principles and to engage their students in a compelling way of thinking An alternative title for this book could be Why the Best College Teachers Do What They Do because the author articulates a compelling rationale that will equip faculty to create and deliver transformative courses Students in transformative courses grapple with essential questions and gain mental muscle that equips them for real world challenges

Rising Tides John R. Wennersten, Denise Robbins, 2017-06-12 Deals masterfully with a neglected crisis how climate change is driving migration The work broaches solutions both practical and political Christopher E Goldthwait former US Ambassador With global climate change upon us it is imperative to start thinking about the massive numbers of people who will be displaced by environmental crises The rise in sea levels alone will account for hundreds of millions of refugees around the globe In Rising Tides John R Wennersten and Denise Robbins face the difficult questions that will have to be answered How will people be relocated and settled Is it possible to offer environmental refugees temporary or permanent asylum Will these refugees have any collective rights in the new areas they inhabit And lastly who will pay the costs of all the affected countries during the process of resettlement Offering an essential continent by continent look at these dangers Rising Tides is a passionately argued well documented wake up call on the dire current and undeniable human fallout from climate change Looking behind the headlines it connects the dots in a way that will inform and should alarm us all Eugene L Meyer author of Five for Freedom This chilling and urgent call to action spares no detail in its mission to present the facts on a looming humanitarian disaster Climate change warning messages too often focus on the environment without going into specifics of how humans will be hurt by global warming Rising Tides singlehandedly rectifies this issue Foreword Reviews A must read for policymakers and those in positions of power especially the ones who remain in a state of denial about climate change and refuse to do enough to address the crisis The Hindu

Practical Guide to Event Promotion Nigel Jackson, Katie Angliss, 2017-07-14 This Practical Guide to Event Promotion offers the reader a short and succinct overview of the range of marketing communication materials from print to social marketing that can be used to promote an event successfully to the correct target markets. It includes invaluable advice on how to identify the type of communication tools most applicable to the type of event that is being promoted and its target market, how to effectively use and implement these useful tips on things to avoid as well as suggested time frames to use before, during and after the event. Examples of best practice and insights from events marketers are integrated throughout. Although full of practical information, a strong theoretical base underpins the advice included on how event managers can apply communication and persuasion theory to key audiences. This book will be a useful resource for Events Management students putting on an event as part of their course and for assessments and those wanting to convert general theory into practical skills they will use in the workplace.

Thinking Skills and Creativity in Second Language Education Li Li, 2019-06-26 Across the world, education is being restructured to include greater focus on developing critical and creative skills. In second language education, research suggests that cognition and language development are closely related. Yet despite increasing interest in the teaching of thinking skills, critical thinking has not been widely integrated into language teaching. Thinking Skills and Creativity in Second Language Education presents a range of investigations exploring the relationship between thinking skills and creativity and second language education. Focusing on cognitive, affective, social and emotional perspectives, this book highlights current research and raises questions that will set the direction for future research. Its aims are as follows: Provide an in-depth understanding of the link between second language development and thinking skills; Consider approaches to developing thinking skills in second language instruction; Examine practices in implementing thinking skills in second language learning; Offer an updated list of sources of information on thinking skills in second language education. A new addition to the Research on Teaching Thinking and Creativity series, this book is relevant to researchers in the field of educational psychology, to Masters degree and PhD students in this field and to anyone interested in developing thinking skills.
