The world has changed greatly in the last decade. The rise of the Internet, the emergence of global terrorism and of dangerous totalistic ideologies and the shifts in global markets, these and other changes have created new opportunities for unscrupulous individuals, groups and institutions to exert unethical control over others. *Freedom of Mind* exposes the techniques and methods that individuals, cults and institutions of all types, religious, business, therapeutic, educational, governmental, use to undo a person's capacity to think and act independently. *Individuals More Vulnerable than Ever*. The Internet is now the primary vehicle for recruitment and indoctrination. It is also a means for spreading sophisticated information about social psychology, hypnosis and other techniques of social control which are being used in ways both effective and dangerous by influence professionals. Meanwhile, people are becoming increasingly vulnerable. Sleep deprived, overweight and looking to improve themselves, overloaded with often frightening images and information, anxious about the current economic decline, climate change and government corruption on all levels. People are more susceptible than ever to charismatic figures who offer simple black v white, us v them, good v evil formulaic solutions. These factors, the rise of the Internet, increasingly sophisticated knowledge about how to influence and manipulate others and the growing vulnerabilities of people across the planet make for a dangerous, potentially devastating combination. *Freedom of Mind Provides Help for Yourself, a Loved One or a Friend*. Hassan's new book *Freedom of Mind* aims to fill the gap. It identifies and explains how to identify and evaluate potentially dangerous groups and individuals. Hassan details his groundbreaking approach, the Strategic Interactive Approach, which can be used to help a loved one leave such a situation. Step by step, Hassan shows you how to evaluate the situation, interact with dual identities, develop communication strategies using phone calls, letter writing and visits, understand and utilize cult beliefs and tactics, use reality testing and other techniques to promote freedom of mind. He emphasizes the value of meeting with trained consultants to be effectively guided and coached and also to plan and implement effective interventions. The best way to protect yourself and your loved ones is knowledge and awareness.
